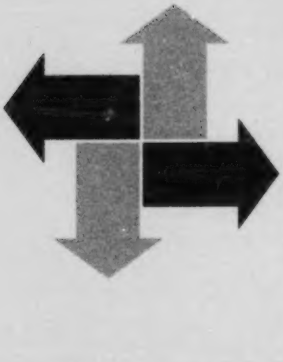
ALBERTA TRANSFER GUIDE

2004 - 2005

29th edition

a guide to transfer credit at

Alberta post-secondary institutions

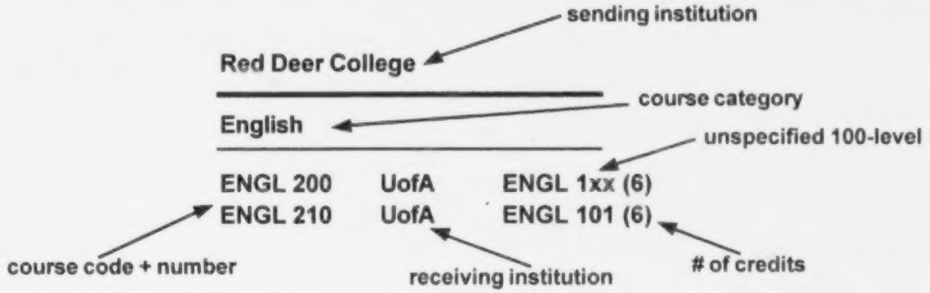


ALBERTA COUNCIL ON ADMISSIONS
AND TRANSFER

Hints on how to use the Alberta Transfer Guide

1. First identify the receiving institution (the one to which you are planning to transfer). Carefully read its admission and transfer information in Section II of this Guide. Then contact the institution directly for specific admission and program requirements. The telephone numbers and addresses are noted in Section II.
2. Next turn to Section III of the Guide to find the pages dealing with courses and programs from the sending institution (the one where you take the courses you wish to transfer). Section III of this Guide is arranged alphabetically by sending institution.

The following illustrates how to read the course transfer agreements recorded in Section III:



Red Deer College

English

ENGL 200 UofA ENGL 1xx (6)
ENGL 210 UofA ENGL 101 (6)

In other words, if you successfully completed ENGL 210 at Red Deer College you know it will be accepted at U of A instead of ENGL 101. Red Deer's ENGL 200 will be accepted as a 6 credit introductory English option at U of A.

Use the current edition of the Transfer Guide if you are planning to take courses. However, if you have already completed post-secondary courses in Alberta, refer to the *Transfer Guide* corresponding to the year in which you took the courses.

REMINDER – Transfer agreements specified in the *Transfer Guide* may be dependent on the particular program a student wishes to enter. If a student switches to an unrelated program, courses may not be fully transferable.

QUESTIONS? Call ACAT's Infoline at (780) 422-9021 or toll free to 310-0000 (ask for 422-9021) or send ACAT an e-mail at: acat@gov.ab.ca

Alberta Transfer Guide available ONLINE

The *Alberta Transfer Guide* is accessible on the World-Wide Web. Information on transfer agreements found in the 1993-94 to 2004-2005 printed *Transfer Guides* is available. Also on the site are admissions and transfer information for each post-secondary institution (including hyperlinks to their Web sites), definitions, processing help for users, and information about the Alberta Council on Admissions and Transfer (ACAT). NOTE: The above reflect the common policies of the receiving institutions in recognizing courses taken in 2002-03 at these sending institutions that are acceptable for admission purposes in lieu of Alberta 30-level courses. ONLY COURSES THAT ARE ACCEPTED IN COMMON BY ALL RECEIVING INSTITUTIONS ARE INCLUDED. The following are receiving institutions: University of Alberta, University of Calgary, The University of Lethbridge, Augustana University College, Canadian University College, Concordia University College of Alberta and The King's University College. Athabasca University has an open admissions policy which does not require high school prerequisites.

[1] Student must have completed Applied Mathematics 30 and have a minimum grade of 70% (UofC) or 75% (UofA, UofL) in MATH 101.

[2] Indicates former NorQuest courses now offered as Bow Valley courses.

[3] NAIT's CPP 130 or ASP 290 or 292 or 296 or 297 will be accepted in lieu of Physics 30.

1. The chart reflects the **common policies** of Alberta's universities and private university colleges in recognizing courses taken in other provinces that are acceptable for admission purposes in lieu of Alberta 30-level courses. The information is accurate as of the revision date, but **subject to change without notice**. The chart is **not** exhaustive: only courses that are accepted in common by all 8 institutions are included. In addition, individual institutions **may accept other courses** for admission purposes. For further information on acceptable courses, contact the institution directly. Note: Athabasca University has an open admissions policy which does not require high school prerequisites for admission to the University.
2. The chart refers to courses offered during the **2003-2004 school year** and is not a cumulative or historical table. Courses completed in prior years may be acceptable for admission purposes. The chart is advisory only and is intended for information, particularly for high school educators.
3. At CUCA, subjects classified under "Other Soc Studies" may be used only in lieu of Social Studies 30.
4. Geography 12 or Comparative Civilizations 12 is acceptable, except at UofC where Comparative Civilizations 12 is only acceptable as a non-academic option subject.
5. UofC will also accept MGA4U to satisfy the Math (Algebra) requirements. Applicants to Engineering must present both MCB4U and MGA4U.
6. Applicants to UofA and UofC cannot present both History 121 or 122 and World Issues 120.
7. Applicants to UofA and UofC can present only 1 of World History 3201 and World Problems 3204 or Global Issues 3205.
8. While accepted for admission purposes, these courses may be applied in different ways by the institutions. For further information on acceptance of out-of-province courses by Alberta's universities and private university colleges, please contact the appropriate institution. I. INTRODUCTION

ALBERTA COUNCIL ON ADMISSIONS AND TRANSFER

Established in 1974 as an independent body, the Alberta Council on Admissions and Transfer reports annually to the Minister of Learning. It serves as a body through which stakeholders work co-operatively to ensure effective transferability of courses and programs for the benefit of students. Council's mission is to be a catalyst for change and an advocate for learners in the areas of admission and transfer to educational programs. Ensuring that learners have access to a highly effective and efficient transfer system is its vision. Council inspires partner institutions to guarantee that prior learning of prospective students is appropriately recognized upon admission. The membership of Council is described in Section V and current members are listed in Section VI.

Council is responsible for developing policies, guidelines, and procedures designed to facilitate transfer agreements among post-secondary institutions. The framework for these admissions and transfer agreements is contained in the Council's Principles, Policies, and Procedures, published in Section V of this Alberta Transfer Guide.

Council plays an active role in the implementation of these policies through monitoring, mediation, and research. Council has a continuing responsibility for facilitating improvement in communications and working relationships among institutions regarding the admission of transfer students and the award of transfer credit.

An important activity of Council is to maintain a database of negotiated and approved transfer agreements between post-secondary institutions. Information from the database is accessible via either the Online Alberta Transfer Guide at www.acat.gov.ab.ca or the printed annual Alberta Transfer Guide. First published for the academic year 1976-77, the printed publication is the official statement of transfer agreements in effect as of 1 April prior to the beginning of each academic year. Updated regularly throughout the year, the transfer agreements database is considered to be indispensable for transfer operations within the province. To support Alberta students transferring outside the province, other jurisdictions are encouraged to use the Online Alberta Transfer Guide.

USE OF THE *ALBERTA TRANSFER GUIDE*

This, the 29th edition of the Alberta Transfer Guide, provides a record of transfer agreements for Alberta post-secondary institutions for the 2004-2005 academic year. Section II contains institutional statements on admission policies and related information for transfer students. These brief summary statements, which were provided to Council by each institution, are arranged alphabetically by institution. Section III lists transfer agreements for each sending institution. There may be up to four transfer information components for each sending institution:

1. a list of programs and/or courses transferable to universities and private university colleges,
2. a list of programs and/or courses transferable to Alberta College of Art & Design's BFA and BDes,
3. a list of programs and/or courses transferable to applied degree programs at colleges and technical institutes, and
4. a list of programs and/or courses transferable to certificate or diploma programs at colleges and technical institutes.

Section IV lists transfer arrangements with other organizations. Section V presents a statement of transfer principles as developed by Council, together with an explanation of Council's role and the policies and procedures under which it operates. Section VI outlines the Council Terms of Reference and membership.

At the beginning of this Transfer Guide there are 4 charts: the Alberta post-secondary transfer system is on page ii, academic upgrading courses accepted by colleges and technical institutes on pages iv and v, college and technical institute academic upgrading courses accepted by universities and private colleges wtih accredited degrees on page vi, and other provinces' grade 12-level subjects accepted by universities and private colleges with accredited degrees is found on pages vii and viii.

It should be noted that:

1. This Transfer Guide indicates the **minimum transfer credit** which is available for prior post-secondary educational experience upon admission to a post-secondary institution. Additional transfer credit may be negotiable on an individual basis.
2. **The information presented in this Alberta Transfer Guide is the most recent available as of 1 April 2004.** This information is, in most instances, current. However, since negotiations among institutions are continuous and ongoing, students are encouraged to use the Online Alberta Transfer Guide. Registrars in the institutions should be contacted where questions arise.
3. **The Alberta Transfer Guide is not a cumulative record of changes in courses or transfer credits. It applies only to the academic year for which it is published and reflects courses and programs published in the institutional calendars for that academic year.** Therefore, persons are advised to consult the edition of the Transfer Guide for the year in which the particular course or program was completed or select the appropriate academic year on the Online Alberta Transfer Guide (at www.acat.gov.ab.ca).
4. When assessing students' transcripts, the assessor should consult the edition of the Transfer Guide corresponding to the year in which a given course was taken. Where questions arise, the Registrar's Office at the sending institution should be consulted.
5. **Informal transfer arrangements are possible on an individual basis.** These involve assessment by the

receiving institution of an individual student's program, past performance, and the requirements of the program which the student wishes to enter. **Students seeking special consideration are advised to consult with the Registrars at both their present institution and at the institution to which they propose to transfer.**

6. **Transfer agreements may be dependent on the particular program a student wishes to enter. If a student switches to an unrelated program, courses may not be fully transferable.**
7. Receiving institutions have specific admission and program requirements, which, in some cases, may affect admissibility and advance credit. Thus, **students are strongly advised to refer to Section II of this Transfer Guide, the particular institutional calendar, and the receiving institution's Office of the Registrar in order to obtain more complete information.** Resource and other limitations may in some cases preclude the admission of transfer students. Further details are available from the Registrar at the receiving institution.
8. Where **no entry** appears (that is, a blank space) in the column of a receiving institution in the program and course grid in **Section III Transfer Agreements by Sending Institution** of this *Transfer Guide*, no formal transfer arrangement for that particular program or course is in effect between that sending and receiving institution at the time of printing.

EXPLANATION OF TERMS

Receiving institution - any post-secondary institution to which students are transferring.

Sending institution - any post-secondary institution from which students are transferring.

Unidirectional bilateral transfer agreements - a transfer agreement negotiated between a sending institution and a receiving institution which is primarily intended to be one-way. In practice, advance credit for courses involved in an agreement usually will be awarded at either institution, particularly when the agreement involves courses that are part of a university transfer program. However, in some cases credit will not be awarded in the opposite direction; for example, Institution A may agree to accept Institution B's cluster of transferable courses in lieu of one of its own courses and have the agreement entered in the Transfer Guide. However, it might not be appropriate for Institution B conversely to award transfer credits for the cluster of courses if a student with the one course from Institution A presented it for advance credit assessment.

Reciprocal bilateral transfer agreements - a transfer agreement that has been negotiated between two institutions whereby Institution A agrees to accept the course (or cluster of courses) taken at Institution B in lieu of its own course (or cluster of courses) and reciprocally, Institution B agrees to accept the course (or cluster of courses) taken at Institution A in lieu of its own course (or cluster of courses). Therefore, reciprocal bilateral agreements are always two-way agreements.

Course equivalent - a course for which credit is given by the receiving institution. Wherever possible, a specific course equivalent will be assigned by the receiving institution (e.g. English 123 = English 456)

Option - When used in relation to a particular program of study, "option" refers to courses in that program which are not prescribed by the Faculty and in which the student is allowed a choice. This choice may either be confined to a particular discipline (e.g. History) or unrestricted from among all offerings ("open" option). The level of study for the "option" is designated in various ways: Junior, Senior; 1xx, 2xx, 3xx, 4xx; or 1xxx, 2xxx, 3xxx, 4xxx reflecting the receiving institution's practice.

Elective - see Option.

Unassigned or unspecified - see Option.

APPLICABLE TIME PERIOD

The arrangements for transfer credit noted in this Transfer Guide apply to courses being taken during the academic year 2004 - 2005 (1 July 2004 to 30 June 2005). Credits for courses taken previously are governed by the Transfer Guide for the year in which the courses were taken. Where a student continues in a program on a full-time basis, no problem should occur. However, where a student interrupts or spreads the program out over a longer period of time, some problems may be encountered if the program requirements have changed. A student seeking transfer under these circumstances should seek advice from the institution offering the program which the student wishes to enter in order to determine the current status of admissions requirements and advance credit.

INSTITUTIONAL REQUIREMENTS

Within the context of the policies and procedures of the Council, each institution has particular requirements and practices for admission of students and the award of transfer credit. (See Section II of this *Transfer Guide*.) **Students who are planning to transfer are advised to refer to the appropriate institutional calendars and to consult with the Registrar's Office at the receiving institution.**

DISTRIBUTION OF THE *ALBERTA TRANSFER GUIDE*

Copies of the Transfer Guide are sent each year to the Registrar's Office of all post-secondary institutions and the Guidance Counsellors in each high school in the province, as well as public libraries throughout Alberta. The annual Alberta Transfer Guide may also be obtained free of charge from the following office:

Alberta Council on Admissions and Transfer

Phone: (780) 422-9021 Fax: (780) 427-0423
E-mail: acat@gov.ab.ca

Agreements in effect from 1993-94 to the present are accessible from the Online Alberta Transfer Guide at www.acat.gov.ab.ca.

II. ADMISSION POLICIES AND RELATED INFORMATION FOR TRANSFER STUDENTS

The following statements have been provided directly by institutions but are not intended to replace institutions' calendars. Please check the calendars of both the sending and receiving institution, as other specific institutional regulations are included in the respective institutional calendars.

Alberta College of Art & Design

Alberta College of Art & Design (ACAD) is authorized under the Colleges Act to offer four-year Diploma in Visual Arts, Bachelor of Fine Arts and Bachelor of Design degree programs.

Admission Requirements

Admission to ACAD is competitive and is based on demonstrated skills at the appropriate level, interest in the programs offered by the College, the ability to benefit from the curriculum, and commitment to the visual arts and design as determined by the Admissions Committee. Admission decisions are based on an assessment of academic transcripts, a personal statement and a portfolio. While the portfolio is the primary criterion for admission to the College, all applicants must satisfy the minimum Academic and English Proficiency Requirements. The Admissions Committee's decisions are final and binding. Admission to the College does not guarantee subsequent admission to a restricted major.

Applicants must possess an Alberta High School Diploma, or its equivalent, with an average of at least 60% calculated on four grade 12 subjects including one of the following:

1. English 30 or English Language Arts 30-1 with a minimum grade of 60%; or
2. English 33 or English Language Arts 30-2 with a minimum grade of 65%; or
3. Equivalent courses as determined by the Admissions Office

Note 1:
It is recommended that applicants who intend to major in the Media Arts & Digital Technologies (MADT) successfully complete Pure Mathematics 30 and a 30-level Science (Physics 30 is strongly recommended).

Canadian citizens or permanent residents/landed immigrants who have not completed high school or do not possess ACAD's academic requirements for admission, but are 21 years of age or older by the first day of classes of the term to which they are seeking admission, may be considered for admission as mature applicants provided they possess one of the following:

1. English 30 or English Language Arts 30-1 with a minimum grade of 60%; or
2. English 33 or English Language Arts 30-2 with a minimum grade of 65%; or
3. Equivalent courses as determined by the Admissions Office

Mature applicants should refer to Note 1 above concerning academic recommendations for the Media Arts & Digital Technologies Program.

Mature applicants should note that the Photography Major has a science and mathematics component. It is strongly recommended that applicants considering Photography as a major have completed courses in Mathematics and Science at the 20 level (Grade 11) or equivalent.

Applicants from outside Canada must possess the equivalent of an Alberta High School Diploma with a minimum average of 60% or its equivalent in the final year of study, as determined by the Admissions Office.

International applicants should refer to Note 1 above concerning academic requirements for the Media Arts & Digital Technologies Program.

All applicants must satisfy the minimum English Proficiency requirement as set out in the ACAD calendar. Applicants whose first language is not English may be required to achieve a score of 560 on the paper-based or 220 on the computer-based Test of English as a Foreign Language (TOEFL).

Transfer Credit

Alberta College of Art & Design may award transfer credit for courses completed at other post-secondary institutions upon a student's successful admission to a college program. The amount of transfer credit awarded is limited by the College Residency Policy, which states that at least 50% of a student's program must be completed at ACAD.

ACAD will consider for transfer credit only those courses completed at post-secondary institutions that are applicable to the ACAD degree or diploma program as determined by the Registrar's Office. Transfer credit is awarded by the Registrar's Office in accordance with the transfer agreements outlined in this publication or on the recommendation of the applicable Head of Major. The following limits and conditions apply:

1. Only those courses completed with a grade of "C" or better will be considered for transfer credit.
2. Only those liberal studies courses completed at the university or university transfer level, as determined by the Registrar's Office, will be considered for transfer credit.
3. Courses in science beyond the introductory level and career related courses, as determined by the Registrar's Office, will only be considered for transfer credit if completed within ten years of the current academic year. Studio art courses taken more than ten years prior to the current academic year may be considered for transfer credit upon portfolio assessment. Special requests outside these time constraints may be directed to the appropriate

Department Chair.

4. Where courses have been completed in subjects other than those specified in the ACAD curriculum, the Registrar's Office may award unspecified general studies credit to a maximum of 12 elective credits at the second year level or beyond.

ACAD will also consider for transfer credit International Baccalaureate courses and Advanced Placement courses provided they are completed with grades of "4" or "5" (for IB courses) and "5" or higher (for AP courses).

Advanced Standing

Applicants must have previous post-secondary art education to be considered for advanced standing to a second or third year major program. Advanced standing admission and placement will be determined through an evaluation of previous course work and level of portfolio achievement. All advanced standing applicants must have at least the equivalent to ACAD's First Year Studies Program, as determined by the Admission's Office.

Athabasca University

Athabasca University (AU) is dedicated to the removal of barriers that traditionally restrict access to and success in university-level studies, and to increasing equality of educational opportunity for all adult Canadians regardless of their geographic location and prior academic credentials. AU has a general mandate from the Government of Alberta to provide university education through distance education, the provision of lecture courses in smaller centres and the use of various forms of technology to deliver educational experiences. AU is unique in nature as students may enroll in programs and register in courses year round.

Admission Requirements

AU has an open admission policy. There are no formal high school prerequisites for admission to the University. Applicants, however, must be at least 16 years of age or older. Exceptions require consideration by the Registrar.

Past performance at other educational institutions does not hinder admission to the University but may bar enrollment in the Bachelor of Commerce or the Bachelor of Nursing programs. Nonetheless, enrolment in some programs of study and/or registration in some courses may be restricted or limited because of resource restrictions, academic achievement, and/or location of residence.

A foreign national who is temporarily residing in Canada may be admitted to AU and enrolled in a program of study leading to a degree or university certificate providing the person has satisfied all enrolment restrictions which have been placed upon that program of study, and providing the person has ensured that all requirements and regulations as laid down by Employment and Immigration Canada have been fulfilled. A foreign national who is residing outside North America shall be eligible for admission to the University providing the person has satisfied all enrolment restrictions which have been placed upon that program of study.

Credit-Coordination and Transfer Credit

AU is committed to: individualized distance education; credit coordination; credit transferability; the assessment of prior learning and other forms of learning accreditation. For practical purposes, this means that:

1. AU will give careful consideration to the awarding of transfer credit for university-level work undertaken at a wide variety of institutions;
2. Credit courses completed at other Alberta degree-granting institutions will be accepted as transfer credit if they are applicable to the student's AU program of study;
3. A maximum of 6 credits at the preparatory-level (100) may be considered for transfer toward a first degree in some degree programs.
4. Courses with a minimum passing grade (as defined by the institution where the course was taken) will be considered for transfer credit.
5. Credit is not normally granted for field placement, professional seminars, work experience, life experiences or elementary skills except through the completion of the "Challenge for Credit" process. Prior Learning Assessment may allocate credits for these items through the Centre for Learning Accreditation.

Programs of Study

AU offers certificate, diploma and degree programs at the undergraduate level; advanced graduate diplomas and Master degree programs.

Augustana University College

Augustana University College was first authorized to grant degrees by the Government of Alberta on 28 June 1985 under provisions of the Universities Act. Augustana currently has authority to offer the following degrees:

THREE-YEAR DEGREES (with various concentrations)
  - BA (General)
  - BSc (General)

FOUR-YEAR DEGREES
  - BA (Special), with majors in Biology, Economics, English, History, Modern Languages, Music, Physical Education, Psychology and Sociology
  - BSc (Special), with majors in Biology, Computing Science, Environmental Science, Physical Education and Psychology
  - BMgt in Business Economics
  - BMus (various majors)

Augustana is a member of the Association of Universities and Colleges of Canada (AUCC).

Admission Requirements

Students may be admitted to Augustana on the basis of matriculation standing or on the basis of appropriate post-secondary studies, or as adult students. All students must demonstrate an adequate knowledge of written and spoken English as a prerequisite to admission. Applicants should consult the calendar for details concerning these requirements.

Transfer Policy

1. The basic principle of the transfer policy is that courses acceptable for credit at one or more of the 4 Alberta universities are normally transferable to Augustana, provided that they are appropriate to the student's degree program at Augustana.
2. Transfer credit will be granted for any relevant and acceptable course in which a grade of at least "C-" on the alpha scale or equivalent has been earned, provided that credit has not been denied by the sending institution.
3. Degree programs at Augustana arise out of the liberal arts tradition. Specialized professional courses may be included to a maximum of 12 credits in a three-year (General) program, 18 credits in a four-year (Special) BA or BSc program, or 33 credits in a BMgt program.
4. Transfer credits are limited by residency requirements. Normally, 39 of the final 45 credits for a three-year degree or 54 of the final 60 credits for a four-year degree must be taken at Augustana.
5. Transfer credits may also be limited by other degree requirements, such as maximum numbers of junior courses and of repeated courses, as outlined in the calendar.

A merger is currently under negotiation between Augustana and the University of Alberta. There are no changes to AUC transfer agreements at this time. Further information regarding admission and transfer may be obtained from:

Aurora College

Aurora College delivers programs at three campuses, 13 community learning centers and other community sites in the Northwest Territories.

Admission Requirements

Admission requirements for programs may vary from one program to another. Please check the detailed program sections of the College calendar for program-specific admission requirements. Applicants who do not have the academic requirements for entry may be admitted as mature students. A mature student must be 20 years of age or older, and have been out of school for at least one year. Mature applicants will be required to complete the Aurora College Placement Test.

Transfer Credits

Aurora College recognizes that learning experiences from other post-secondary educational institutions may be formally acknowledged by credit. The Office of the Registrar will coordinate all transfer credit requests and all decisions will be reviewed with the appropriate Program Head. Assessments will be done on an individual basis. All transfer credit requests must be submitted in writing along with official transcripts, and course detail information. In some cases, additional information may be required. Any student who has completed the equivalent of a College course at another institution with a completion grade of 60% or higher may apply for transfer credit. The maximum amount of credit which may be awarded from outside the College is 40% of the total credits necessary for graduation. Exceptions may be approved by the President.

The College has a variety of credit transfer arrangements with institutions and organizations. Additional information on transfer credits can be obtained from the Registrar.

Further information regarding admission and transfer credit may be obtained from the Registrar at the appropriate Aurora College campus:

The Banff Centre for Continuing Education

The Banff Centre is Canada's only multidisciplinary arts environment devoted to professional development and lifelong learning for artists. Artists can participate in a broad selection of programs geared toward individual and group transformation. Some residencies allow learning through project creation, experimentation and peer interaction, while others offer the more traditional workshop or master class environment. Artists are offered the best possible setting for professional learning, a real life hands-on activity.

The Banff Centre is not a degree-granting institution nor does The Centre design its programs to specifically meet the requirements of the degree-granting institutions of Alberta. Acceptance into programs is subject to a selection process in which each artist's demonstrated ability and commitment are carefully assessed. Depending on the program, adjudication may be based on consideration of live or taped auditions, interviews, portfolios, written submissions and experience. Final acceptance to programs is at the discretion of adjudicators and faculty. In some programs, artists may be invited to attend without proceeding through the application/adjudication process. Academic achievement is not a major criterion. Artists would be unlikely to "transfer" from or to The Banff Centre, rather they are most likely to attend at some point mid-way through a career or just prior to commencing a career in the arts but after completing formal studies. Some students may attend summer arts programs concurrently with attendance at another institution.

Key programs include academic foundations, English as a Second Language, certificate programs in health and community services, and business and industry training.

Admissions Regulations

The entrance requirements for all programs are in the College calendar and may include the need for specific assessments and/or transcripts. Contact the Registrar's Office for particular program requirements.

Applicants are accepted on a first-qualified, first-served basis. Prospective students are assessed on an individual basis. In the Health-related career programs, good health and a clear criminal record are also required.

Transfer Credit

Credit may be granted to applicants who have completed courses at other post-secondary institutions. For transfer credit consideration, applicants must submit official transcripts to the College at the time of application.

Assessment for credit is based on whether the courses are:
a) equivalent to courses offered at the College,
b) applicable to the applicant's program, and
c) whether satisfactory grades were attained.

Canadian University College

Canadian University College (CUC) was first authorized to grant degrees by the Government of Alberta on 5 September 1991 under provisions of the Universities Act. CUC currently has authority to offer the following degrees: 3-year Bachelor of Arts and Bachelor of Science; 4-year Bachelor of Arts in Behavioral Science, English, Music and Religious Studies; a 4-year Bachelor of Business Administration; and 4-year Bachelor of Science in Biology and Psychology.

Union College of Lincoln, Nebraska has a Partner Campus Agreement with CUC to provide elementary, junior high and secondary-level Bachelor of Education programs. This agreement, originally established in 1979, operates with the approval of the Minister of Learning. Union College is accredited by NCACS and NCATE. Students seeking transfer into the Bachelor of Education program are required to have all course work reviewed by the Registrar at Union College before official transfer credit is awarded.

Admission Requirements

Applicants to CUC must meet regular admission requirements (possess an Alberta High School Diploma or equivalent with passing grades of 60% or higher in the diploma examinations for the subjects required for entrance into the program of study), or satisfy alternate admission requirements as published in the academic calendar.

Transfer Credit Policy

1. Advance credit may be granted for studies completed at other post-secondary institutions, provided that they are appropriate to the student's program at CUC.

2. For advance credit consideration, applicants must submit official transcripts from each college or university attended.
3. Advance credits are limited by the residence requirement of CUC.

Concordia University College of Alberta

Concordia University College of Alberta was first authorized to grant degrees by the Government of Alberta on 16 July 1987 under provisions of the Universities Act. Concordia currently has authority to offer the following degrees: 3-year Bachelor of Arts and Bachelor of Science; 4-year Bachelor of Arts in English, Music, Psychology (Applied Emphasis), and Religious Studies (also Applied Emphasis); 4-year Bachelor of Science in Biology, Chemistry, Environmental Science and Mathematics; 4-year Bachelor of Management; 2-year Bachelor of Education (After Degree) in Elementary Education and a Bachelor of Environmental Health (After Degree); and after degree diplomas in Information Systems Security and Career Development. Concordia is a member of the Association of Universities and Colleges of Canada (AUCC).

Admission Requirements

Admission to Concordia's faculties is outlined in the current calendar. Normally, standard admission to the faculty of Arts and Science is offered to those presenting a minimum overall average of 60% on 5 appropriate Alberta 30-level subjects, or equivalent. Admission to the B.Mgt. program is competitive and requires a minimum overall average of 65% on 5 appropriate Alberta 30-level subjects, or equivalent. Admission to the BEd (AD) and BEH (AD) programs is competitive and requires an undergraduate degree and other specific requirements.

Special admission may be offered to students not presenting the requirements for standard admission. Individuals aged 21 years and over, or others in special circumstances, should contact the Admissions and Financial Aid Office for information on special admission.

Transfer Policy

1. Transfer credit may be granted for studies successfully completed at other post-secondary institutions, provided that they are appropriate to the student's program at Concordia.
2. For transfer credit consideration, applicants must submit complete official transcripts of all prior post-secondary studies.
3. The minimum acceptable course grade for transfer credit to be considered is a "1.7" on the 4-point system, or the equivalent.
4. Transfer credits are limited by the residency requirement. For more complete information on the residency requirement for specific programs, consult the current academic calendar.

DeVry Institute of Technology - Calgary

DeVry - Calgary was first authorized to grant degrees by the Government of Alberta on 30 January 2001 under provisions of the Universities Act. DeVry - Calgary currently has the authority to offer the following degrees: 4-year Bachelor of Technology in Computer Information Systems, 4-year Bachelor of Technology in Electronics Engineering Technology; 4-year Bachelor of Business Operations.

DeVry - Calgary provides career-oriented undergraduate programs in business and technology to high school graduates and working adults. DeVry's technology-based degree programs integrate general education with industry-specific coursework to enhance graduates' personal development and career potential. DeVry also assists students in attaining their career goals outside of the classroom by providing assistance with part-time and post-graduate career opportunities.

Admissions Requirements

The following specific requirements must be met regarding age, prior education and evaluation proficiency in the basic prerequisite skills needed for college-level work in the chosen field of study.

Age Requirement - Each applicant must be at least 17 years old on the first day of classes. Documentation of age may be required.

Prior Education Requirement - Each applicant must be a high school graduate, hold a General Educational Development (GED) certificate or have an acceptable diploma or degree from an approved post-secondary institution. For specific documentation submission deadlines, please contact DeVry directly. Qualified applicants to freshman-level-entry programs who do not have a high school diploma, GED certificate or post-secondary diploma may seek admission as mature students.

Note: For applicants to the Information Technology Program (IT) and for applicants wishing to enroll in Accelerated or Online Coursework, see DeVry-Calgary's calendar, for additional admission requirements, particularly sections: *Admissions Requirements for Selected*

Programs and *Additional Admissions Requirements for Selected Applicants* for further admission information.

Prospective students who have special situations, including those who live outside North America, are nonnative speakers of English, are home schooled, or are not seeking degrees, should contact:

Transfer Credit

An applicant seeking to transfer credit from another institution must request a credit evaluation prior to the first semester at DeVry-Calgary and must provide an official transcript from the institution where the credit was earned. DeVry may require a calendar or additional material or, if credits were earned at a foreign institution, a credit evaluation by an approval external evaluation service. A maximum of 80 DeVry credit hours may be awarded for lower division or community college courses, subject to DeVry's residency requirements for the chosen program. Students attending DeVry who seek to earn credit at another institution for transfer to DeVry must have approval to do so in advance from a DeVry academic administrator.

Grande Prairie Regional College

In addition to certificate and diploma programs, Grande Prairie Regional College (GPRC) was authorized in 1995 under the Colleges Act to offer the applied degree program in Applied Forest Resources Management.

Admission Regulations, General

1. High School diploma, or
2. Age of 18 years or older

NOTE: English 30, Biology 30, Chemistry 30 and Math 30 (or equivalents) are prerequisite to the core courses of this program. The Math requirement for admission to the Applied Forest Resources Management degree may be met by either Math 30 Pure or Applied.

Either of the above will secure admission to GPRC, but not necessarily direct entrance to the desired program. An applicant deficient in prerequisites for a specific program will be admitted to an appropriate academic development or combined program.

Transfer Credit Regulations

Advance credit may be granted for studies completed at other post-secondary institutions so far as the courses completed are suitable to the program in which the candidate is enrolling, and in keeping with the academic regulations of the instructional division/department concerned. Official transcripts must be provided by the applicant. Direct inquiries to the Registrar.

Challenge Credit

In some courses an applicant may obtain credit by successfully challenging an examination set by the department concerned. Application must be made through the Office of the Registrar.

Grant MacEwan College

Admission Regulations

Applicants to Grant MacEwan College must meet either Regular Admission Requirements (possess an Alberta high school diploma or its equivalent) or Mature Admission Requirement (be 18 years of age or over and out of school for at least 1 year). Certain programs have higher age requirements, and several require specific averages and completion of a selected range of high school or post-secondary courses. Most applicants must complete an appraisal of their writing and reading skills (for some programs, other skills as well) to ensure that they are academically prepared for MacEwan College programs. Full-time programs have enrollment quotas; selection is based on other criteria as outlined in the MacEwan College calendar.

Transfer Credit Regulations

Applicants who have been accepted into a MacEwan program of studies may apply for and may be granted advanced credit for appropriate post-secondary educational experiences or for appropriate work experience or other substantial, demonstrable learning experiences provided that:

1. the educational experience consists of course work, practicum, field placement, activities, work experience or other substantial, demonstrable learning deemed to be equivalent or similar to MacEwan program and/or course requirements; and,
2. the educational experience is appropriate to the student program; and,
3. where the student has completed course work with a passing grade (a higher grade may be required if that is a MacEwan program or prerequisite requirement); and,
4. the educational experience and/or the course competencies meet current standards as assessed by the appropriate Program/Section Chair.

The King's University College

The King's University College was first authorized to grant degrees by the Government of Alberta on 12 March 1987 under provisions of the Universities Act. King's currently has authority to offer the following degrees: 3-year and 4-year Bachelor of Arts and Bachelor of Science, 4-year Bachelor of Commerce, 4-year Bachelor of Music and 2-year Bachelor of Education (After Degree) in Elementary Education.

King's is a member of the Association of Universities and Colleges of Canada (AUCC).

Admission Requirements

King's admits students with a 60% average in 5 specified high school courses, as described in the King's calendar, or on the basis of appropriate post-secondary studies. Students from non-accredited high schools will be considered on a case-by-case basis. By means of the Mature Students Admission category, students over 21 are admitted without meeting the normal high school requirements. These students, and international students, may be required to write entrance tests and English proficiency tests. A student may also enroll in a single course as an unclassified student without meeting the normal entrance requirements or may enroll in courses as a visiting student with a letter of permission from another Alberta post-secondary institution. Admission to the BEd (AD) requires the applicant possess an earned baccalaureate comprising a minimum of 90 credits.

Transfer Policy

Students in good standing in their past work in a Canadian university or other post-secondary institution may apply for admission to King's. Students must submit official transcripts of their entire post-secondary experience. Omissions will result in immediate dismissal without appeal.

1. Courses offered at other recognized degree-granting institutions are normally acceptable for transfer credit, provided they are appropriate to the student's program. Students may be required to provide to the Registrar's Office a course calendar and course outlines.
2. Only courses with a grade of "C-" (alpha 4.0 scale) or better will be considered for transfer credit in the BA, BSc, BCom or BMus major or area of concentration, and only courses with a grade of "D" (alpha 4.0 scale) or better will be considered for transfer credit in all other cases. Only courses with a grade of "C-" (alpha 4.0 scale) or better will be considered for transfer credit in the BEd (AD) program.
3. Since a maximum of 18 credits of what is considered a professional nature are accepted as meeting BA, BSc or BMus graduation requirements, no more than 18 credits of such a nature will be accepted for transfer credit except in the BA in Business Administration. Courses of a professional nature must be deemed to be relevant to the King's program.
4. Transfer credit will not be granted for more than 60 credits toward BA, BSc, BCom or BMus graduation requirements and 9 credits toward BEd graduation requirements. Transfer credit may also be limited by other factors such as allowable number of junior courses and relevancy.
5. Eighteen of the last 30 credits of the degree program must be completed at King's.
6. Normally students must complete at least 50% of the courses required for their major, minor, first and second concentration at King's.
7. Students who have earned International Baccalaureate or Advanced Placement Program credits will be considered for advanced standing or college credit. They will be evaluated individually to determine what credit, if any, they should receive for their International Baccalaureate or Advanced Placement Program work.
8. Applicants may expect to transfer Bible college credits from institutions which are accredited by the Accrediting Association of Bible Colleges. Courses must be relevant to the student's program requirements at King's and may be assigned less credit than that granted by the issuing institution. Courses of a professional (e.g., missions, counseling, personal development) or restricted denominational nature will not be transferable.

Second Degree Regulations

1. Students will not be awarded a second BA degree or a second BSc degree.
2. Students will not be awarded a BA degree or a BSc degree in a major or concentration comprehended in a prior BA degree or BSc degree.
3. Graduates from King's BA programs who wish to complete a King's BSc degree, or BSc graduates from King's who wish to complete a King's BA degree must:
   - a) fulfill all degree and major/concentration requirements of the new program, and
   - b) complete the required number of credits for the program, reduced by 60 credits from the student's previous degree.
4. Graduates from BA programs at other recognized institutions who wish to complete a King's BSc degree, or BSc graduates from other recognized institutions who wish to complete a King's BA degree must:
   - a) fulfill all degree and major/concentration requirements of the new program, and
   - b) complete a minimum of 6 credits in theology or philosophy or history, and
   - c) complete the required number of credits for the program, reduced by 60 credits from the student's previous degree.
5. After completing a King's degree, students may complete the course work for an additional concentration or major for their existing degrees and have this noted on their transcript. They will not, however, be granted another degree.
6. Holders of 3-year degrees from King's may return to complete a 4-year degree of the same kind and in the same subject provided that:
   - a) they meet all program requirements for the 4-year degree and major, and
   - b) they surrender their 3-year degree upon completion of the 4-year program. They will then be granted a 4-year degree.
7. King's BCom degree is, for the purposes of this policy, considered to be the 4-year degree of the same kind and subject as BA in Business Administration.
8. A student may receive the BMus and retain a King's 3-year BA in Music after completing an additional 72 credits. A student may receive a BMus after completing a King's 3- or 4-year BA in Music after surrendering the degree and fulfilling the additional credits and requirements for the BMus.

Challenge Examinations

Students currently enrolled at LCC and who have previous work experience or training may challenge comprehensive examinations to demonstrate knowledge equivalent to achieving a passing grade in a particular course. Challenge examinations may be part of the prior learning assessment process.

Advance Credit

Advance credit may be available to students for previous course work under the following guidelines:

1. Official transcripts must be forwarded to the Registrar prior to advance credit assessment. Advance credit awarded is contingent upon the applicant's admission and registration in a specific program.
2. Registrar's Office will complete the evaluation and notify students of the advance credit awards.
3. Credits awarded through advance credit assessment are not counted in the residency requirement at LCC.
4. Only courses in which students have earned a passing grade will be evaluated for advance credit. LCC will accept the definition of passing grade as defined by the institution issuing the grade.
5. Courses more than 7 years old will only be considered for advance credit upon the recommendation of the Program Head. In the case of Nursing, courses more than 5 years old will only be considered for advance credit upon the recommendation of the Program Head.

Medicine Hat College

Admission Regulations

Admission to Medicine Hat College (MHC) depends upon successfully meeting the admission requirements which differ with the various programs. Specific admission requirements are clearly outlined in the MHC calendar. Early Childhood Development, Child and Youth Care, Nursing, and Addictions Counselling programs may require personal interviews before final selection. A policy on home schooling is pending approval.

Prior Learning and Advanced Credit Policies

1. Advanced credit may be granted for courses completed at recognized public and private universities, colleges and technical institutes. Assessments are completed on an individual basis and will depend upon the sending institution using the *Alberta Transfer Guide* as the basis of information.
2. MHC is aware that the most flexibility for granting advanced credit or prior learning credit is found within the requirements of MHC certificate, diploma and applied degree programs. Since MHC awards the certificates, diplomas and applied degrees, it also has the authority to award advanced credit. This same authority does not apply to University Transfer programs as the authority to award advanced credit and the Bachelors degree is held by the various universities.
3. MHC will accept only those courses for advanced credit with a grade of "C-" or better provided that these courses can be directly equated to courses offered at MHC for specific MHC certificate or diploma programs. Transcripts must accompany the request. A grade of "D" (passing grade) may be accepted in university collaborative or partnered programs such as Nursing and Addictions Counselling where the partnering university observes the Pan-Canadian Protocol.
4. Students seeking advanced credit for prerequisite courses completed previously will be referred to the appropriate Program Coordinator or Dean to consider alternatives. Each case will be considered on an individual basis.
5. In order to receive a MHC certificate or diploma, all students should complete 40% of the course content at MHC.
6. MHC has in place policies and procedures for awarding advanced credit for life and work experience that may be relevant to some of its certificate and diplomas. The evaluation of the applicability of the prior life and work experience may be done through the development of a portfolio which will provide the information required to obtain a prior learning assessment (PLA). It will be evaluated by the Office of the Registrar in conjunction with the appropriate department.
7. All advanced credit and PLA decisions must be coordinated through the Registrar's office and are based upon the policies listed above. Students should pick up evaluation forms from the Registrar's office which must be approved and cosigned by both the Registrar and the appropriate Department Dean before final approval is granted.

Transfer Arrangements

1. MHC makes every effort to ensure the smooth transfer of students to other educational institutions. MHC is in touch with UofC, UofA, UofL and AU on a regular basis regarding course and program changes. The Universities of Regina and Saskatchewan are also contacted frequently to be sure that students from Saskatchewan can transfer from MHC to the Saskatchewan universities. For further details on the University Transfer programs offered at MHC, please refer to the MHC calendar.
2. MHC has transfer arrangements to degree programs at universities in other jurisdictions, including the Universities of Saskatchewan and Regina.

Mount Royal College

Founded in 1910, Mount Royal College (MRC) is one of Alberta's oldest post-secondary institutions and currently offers applied degree, diploma, certificate, University Transfer and general education programs in a broad array of disciplines.

General Admission Regulations

Admission to MRC is competitive and as such admission will be granted to those applicants who have the highest average based on the conditional admission criteria for each admission category below. In some cases applicants will be required to submit additional information for evaluation.

There are three categories of admission to MRC:

1. High School Standing
2. Post-secondary Standing
3. Mature Standing

For general admission requirements for the College and for specific program requirements, please visit our web site at www.mtroyal.ca

Transfer Credit Regulations

1. Transfer credit based on course work completed at other recognized or accredited post-secondary institutions will be assessed only upon a student's admission to a certificate, diploma or applied degree and receipt of the official transcripts.
2. The amount of transfer credit that may be awarded is limited by the Residence Requirement which specifies at least 50% of the course work required for a MRC parchment must be completed at the College.

3. Transfer credit will be considered only for courses which do not duplicate in content previously completed courses.
4. As deemed necessary by the Office of the Registrar applicants may be required to provide detailed course outlines, a list of textbooks used, and any other documentation needed to assess courses for transfer credit. The final decision regarding transferability or equivalence of course work completed at other post-secondary institutions will be made at the discretion of MRC's Registrar, acting on the advice of the appropriate department chair(s).

Prior Learning Assessment and Recognition

A limited number of courses may be completed by Prior Learning Assessment and Recognition. Application for credit by prior learning assessment must be made through the Office of the Registrar prior to the beginning of each semester.

NorQuest College

NorQuest College is a board-governed, public college. Its academic upgrading, language training, business, industry, health and human service certificate programs are designed to bridge students to employment or further study.

Admissions Regulations

The entrance requirements for all programs are in the College calendar. Generally applicants are 18 years of age or older. NorQuest offers extensive assessment services to assist in the recognition of prior learning at the secondary level. Applicants not presenting full academic admission requirements are encouraged to take advantage of this free service.

Transfer Credit

Credit may be granted to applicants who have completed courses at other recognized post-secondary institutions. For transfer credit consideration, applicants must submit official transcripts to NorQuest at the time of application.

To be eligible for transfer credit students must present courses:

a) which are equivalent to current courses offered at the College,
b) which are applicable to the applicant's program,
c) in which a satisfactory grade has been attained.

Further information regarding admission and transfer credit may be obtained from:

Northern Alberta Institute of Technology

NAIT serves within the context of Alberta's advanced education system to design and deliver post-secondary, non-university career training which is effective in terms of meeting student expectations and the skilled manpower requirements of business and industry, and efficient in terms of the use of resources. In addition to certificate and diploma programs, NAIT and SAIT were authorized in 1996 under the Technical Institutes Act to offer a joint applied degree program in Applied Information Systems Technology.

Transfer and Advance Credit

A student with applicable education or experience is encouraged to apply for transfer or advance credit. Credit to be awarded will be determined by the Program Head, on the basis of these guidelines:

1. Transfer or advance credit may be obtained by submitting academic transcripts or documentation to the NAIT Registrar, with a completed NAIT Application for Admission form.

2. A student who has successfully completed year one of a Transfer Program will be accepted into year two of the corresponding NAIT program.
3. A student who has partially completed a Transfer Program may be accepted into the corresponding NAIT program as a Special Student. The sending institution should provide a written recommendation regarding the student's qualifications. The student should send NAIT the recommendation, statement of grades or transcript and a completed NAIT Application for Admission form. An interview of the applicant with the Program Head may be required prior to final acceptance.
4. A student who has completed the academic upgrading program at Lakeland College will be eligible for admission into NAIT programs on the same basis as NAIT Pre-Technology graduates.
5. NAIT will accept the following NorQuest College UCEP courses in lieu of the respective 30-level course: English 90, Math 90, Social Studies 90.

High School Equivalency

An applicant who has the equivalent of a high school diploma will receive credit comparable to NAIT Pre-Technology graduates. Applicants are required to submit a high school transcript along with a completed NAIT Application for Admission form. A career investigation is required for oversubscribed programs.

Quota Limitations

Entry into first year, second year, or a specific option of a NAIT program may be subject to quota limitations.

Honours Diploma, Bursaries, and Awards

Consistent with Council's principle (f) in Section VI-B of this *Transfer Guide*, transfer students will be eligible for Honours standing, bursaries, and awards under the same conditions applicable to all NAIT students, subject to NAIT Academic Policies and Procedures.

Northern Lakes College

Northern Lakes College is a board-governed, public college that is multi-community based. It offers a diversity of programs, including academic upgrading, integrated employability, workforce development and career training. The college also offers university transfer courses. Many of the College's programs are delivered through learning distance technologies.

Admissions Regulations

Applicants seeking admission to the College must be at least 17 years of age. Exceptions are noted under individual program descriptions in the College calendar. In addition, each program may have specific criteria that must be met. Programs and courses that are brokered from other institutions may also have special admission requirements. Some programs have allowances for Admission as a Mature student in lieu of course requirements. Applications are prioritized on a first-qualified, first-accepted basis.

Transfer Credit

Credit may be granted to applicants who have completed courses at other post-secondary institutions. For transfer credit consideration, applicants must submit official transcripts to the College at the time of application.

Assessment for credit is based on whether the courses are:

a) equivalent to courses offered at the College,
b) applicable to the applicant's program, and
c) whether satisfactory grades were attained.

Nunavut Arctic College

Nunavut Arctic College, which has a head office in Arviat, delivers programs throughout Nunavut.

Admission Requirements

Full-time admission to Nunavut Arctic College is open to anyone who is 17 years of age or older. Exceptions will be considered on an individual basis. The general admission requirements for all programs are as follows:

1. Applicants must be 17 years of age or older and meet academic and other requirements specified for the program.
2. All registrations are initiated by completing a Nunavut Arctic College Application Form and submitting it to the campus the applicant wishes to attend.
3. Applicants who do not possess the academic qualifications for a program are required to complete the Nunavut Arctic College Placement Test. The results of the assessment will determine the placement of the applicant into the program of their choice or recommend a Preparatory program.
4. Following receipt of a completed application, the applicant will be advised in writing, by the Campus Director or designate, of the status of the individual's application.

Transfer Credit Regulations

Nunavut Arctic College recognizes that learning experiences from other educational institutions may be formally acknowledged by credit.

1. Any student who has completed the equivalent of a College course at another institution and attained a completion grade of 60% or equivalent may apply for Transfer Credit.
2. A student must apply to the Campus Director or designate for Transfer Credit.
3. The student is responsible for ensuring that the following information is sent to the Campus Director or designate, as required; i.e., official transcripts, course outlines and evaluation documentation.
4. The application for Transfer Credit will be reviewed by the Campus Director or designate in consultation with the appropriate program staff. The Campus Director or designate will notify the student of the decision.
5. The maximum amount of credit which may be awarded from outside Nunavut Arctic College is 40 percent of the total credits necessary for graduation. Exceptions may be approved by the President.
6. Each program must identify courses which will not be considered for Transfer Credit. Restrictions or exceptional conditions must be published in the approved Program outline and in the College calendar.

Olds College

In addition to certificate and diploma programs, in 1995 Olds College was authorized under the Colleges Act to offer applied degree programs. Effective 2004, Olds College will offer a Bachelor of Applied Science with majors in: Agribusiness, Golf Course Management, Production Horticulture, and Landscape Management. The last graduating class of the Bachelor of Applied Horticulture Technology and Bachelor of Applied Agricultural Technology and Entrepreneurship degree programs will be June 2004.

Admission Regulations

Admission requirements at Olds vary by program and are specified in the College calendar. Olds will accept both Applied and Pure Mathematics for all programs.

Prior Learning Assessment and Recognition

Olds College recognizes that learning is a continual process that is achieved through life and workplace experiences, or other forms of education acquired through attending an institution of one's choice.

Olds is fully supportive of developing ways and means to provide appropriate recognition of a learner's experiences or education.

There are four categories of prior learning assessment:

1. Advanced Standing - transfer credit for previous course work taken at a post-secondary institution that is equivalent to courses offered by Olds.
2. Credit by Special Assessment - Applicants who do not qualify for Advanced Standing or Advanced Placement, but who have acquired skills or knowledge relevant to the competencies of any Olds course, may request and qualify for a challenge examination.
3. Advanced Placement - Learners may be exempted from courses offered at Olds as part of their program, but must substitute other program-related courses to complete graduation requirements.
4. Learning - Experiential learning is considered to be 'uncredentialed' learning which is acquired through work experience (inclusive of employment, practicums, etc.) or life experience. The recency and length of time over which the experiential learning was achieved will be a factor during the evaluation process.

Prior learning assessment forms are provided on application to the College. An application will be sent to all registered students who are encouraged to apply for prior learning assessment prior to September.

Portage College

Portage College is a board-governed, public college. It offers a variety of basic academic upgrading, certificate and diploma programs as well as university transfer courses. The primary service area of the College is in the Lac La Biche region and extends to Athabasca in the west and to the Alberta/Saskatchewan border in the east.

Admissions Regulations

The entrance requirements for each program are outlined in the program section of the College calendar.

Admission to all College programs is on a first-qualified, first-admitted basis. General admission requirements are:

a) 18 years of age or older, or
b) 17 years of age and out of school for at least 1 year, or
c) high school diploma.

Individuals who lack the required academics may be granted admission based on mature status.

Transfer Credit

Credit may be granted to applicants who have completed courses at other post-secondary institutions. For transfer credit consideration, applicants must submit official transcripts to the College at the time of application.

Assessment for credit is based on whether the courses are:

a) equivalent to courses offered at the College,
b) applicable to the applicant's program, and
c) whether satisfactory grades were attained.

Prairie Bible College

Prairie Bible College has offered classes since 1922, and divinity degrees since 1981. PBC offers a number of divinity degrees, diplomas, and certificates of varying length.

Admission Requirements

1. Canadian Students from Alberta - Admission to PBC programs requires a high school graduation with a minimum of a 60% average in the following Alberta high school courses: English 30/33, Social Studies 30/33, and a 30/33-level science, math, or foreign language course (if taken). Applicants who do not meet this requirement may submit a written request to have it waived on the basis of motivation and improved academic skills. An Admissions Committee, composed of the Director of Enrollment, the Registrar, and the Director of Student Services and Career Development, will make a decision on the request. Students admitted by this process will enter on Academic Probation, which imposes certain restrictions and requires certain accountability measures.
2. Canadian Students From Other Provinces - In most Canadian provinces, grade 12 is treated as equivalent to the Alberta High School Diploma.
   The exceptions are:
   Quebec: Successful completion of one year of CEGEP required.
   Ontario: Old curriculum: Admission requires completion of the Ontario Secondary School Diploma at the grade 12 advanced level. Those students who have completed OAC courses may be eligible for transfer credit for certain courses.
   New curriculum: Admission requires completion of the Ontario Secondary School Diploma with a minimum 60% average in ENG4U "English" plus five other Grade 12 U or UC courses.
3. Home-schooled students, mature students, and students from the U.S. and other countries: see requirements in the PBC calendar.
4. Certain programs have additional entrance requirements; see program pages in the PBC calendar.

Rocky Mountain College

Rocky Mountain College (RMC) is a Bible college offering degrees in divinity. It was formed in 1992 by the merger of Hillcrest Christian College and Mountain View Bible College. It serves many denominations in preparing Christians for professional and lay ministry. RMC is accredited by the Accrediting Association of Bible Colleges.

Admission Requirements

Specific requirements for admission to programs are outlined under the program descriptions in the calendar.

Transfer Policy

1. Transfer credit may be granted for studies completed at other post-secondary institutions, provided they are appropriate to the student's program at RMC and grades received meet eligibility requirements.
2. Applicants must submit complete official transcripts of all prior post-secondary studies to be considered for transfer credit.
3. Transfer credits are limited by residency and specific course requirements outlined in the calendar.

Southern Alberta Institute of Technology

In addition to certificate and diploma programs, SAIT was authorized in 1995/6 under the Technical Institutes Act to offer applied degree programs.

Direct Entry and Transfer Credit

Applicants with equivalent post-secondary education or equivalent experiential learning are encouraged to apply for transfer credits or direct entry. Transfer credit and direct entry placement are determined by the Prior Learning Assessment and Recognition office in conjunction with the Academic Coordinator and Dean of the specific academic department responsible for delivery of the program. The following guidelines apply:

Transfer Credit

1. Transfer credit will be granted to applicants who have completed equivalent education at an Alberta post-secondary institution or other Canadian or international post-secondary institution, or have equivalent experiential learning.
2. The applicant must apply for credit, pay the assessment fees and submit a complete transcript of marks and course descriptions indicating the courses taken, course content, the hours for both theory and laboratory, and the grade attained.
3. The Prior Learning Assessment office will evaluate the documentation and determine the credit to be granted and will advise the applicant of the credit granted. It is the applicant's responsibility to ensure that the necessary paper work is completed.
4. A student who has been accepted as a direct entry transfer student must complete 50% of the total program hours at SAIT. At least 60% of the registered hours must be selected from courses offered in the final year of the SAIT program.
5. The credit granted applies to a particular program and does not necessarily apply if the applicant changes or transfers programs.

General Admission Requirements

All applicants seeking admission to SAIT must meet the Regular Admission requirements (as outlined in the Institute calendar). Mature student (18 years old prior to registration or a serving member of the Canadian Forces, and out of high school for 2 years) admission requirements are outlined for each academic program in the Institute calendar.

Program Access

All regular SAIT academic programs have enrollment access targets, so it may not always be possible to accommodate every applicant who satisfies the minimum admission requirements.

Transfer

1. Students at Fairview College who successfully complete English 311/312, Physics 341/342, and Math 301/302 will be eligible for admission to any SAIT program which specifies the SAIT Pre-careers program as an acceptable admission requirement.
2. Students at Lakeland College who have successfully completed the Academic Upgrading program are eligible for admission on a space available basis to a SAIT program which specifies Pre-careers as an acceptable admission requirement.
3. Students at NAIT who have successfully completed the Pre-Technology program are eligible for admission on a space available basis to a SAIT program which specifies Pre-Careers as an acceptable admission requirement.
4. SAIT agrees to accept completion of Bow Valley College's English Language Advanced Plus as equivalent to completion of the English Language Foundations Program - Level 4, and an acceptable language prerequisite for entry into SAIT career programs. Students meeting this qualification must also present documentation for additional program requirements with their application.

St. Mary's College

St. Mary's College was incorporated in 1986 by an act of the Alberta Legislature. It is a liberal arts and sciences college offering university level, transferable courses.

Admission Requirements

1. High School Matriculation - St. Mary's admits students in this category who present an average of 65% or higher in five academic grade twelve subjects as listed below. No course with a mark below 50% will be accepted. The five subjects used for admission must be:
    1. English Language Arts 30-1;
    2. Pure Math 30, Applied Math 30 or a 30 level language other than English;
    3. A course selected from Group A (or B);
    4. A course selected from Group B (or A);
    5. A course selected from Group A, B, C or D.

    Group A Social Studies 30 or a 30 level language other than English

    Group B Biology 30, Chemistry 30, Physics 30, Math 30, Math 31 or Science 30

    Group C Art 30, Music 30, Drama 30, Music 31, or Art 31

    Group D One five-credit or two three-credit subjects at the 30 level (excluding Special Projects 30)

    Two subjects in the same discipline may not be presented to satisfy admission requirements. Exceptions are Math 30 and Math 31.

    A Student whose average on the subjects presented for admission is between 60% and 65% will have admission considered on a case by case basis.
2. Post-Secondary Transfer – Students who have completed the equivalent of 30 credits of postsecondary study will be considered for admission in this category. Students must be in good standing with their previous institution and must submit official transcripts of all previous post-secondary study. A minimum cumulative GPA of 2.0 is required.
3. Mature Student – Candidates for admission in this category must be at least 21 years of age and have been out of high school for at least three years. They must present English Language Arts 30-1 or an equivalent and must meet with the Dean. Admission in this category may be limited and will be determined on a case by case basis.

Transfer Credit

Courses completed at other post secondary institutions may be accepted for transfer credit if they are applicable to programs at St. Mary's College and if they meet minimum grade requirements. Official transcripts will be required. More information regarding the transferability of courses may be found in the St. Mary's College Calendar.

Taylor University College & Seminary

Taylor University College & Seminary was authorized to grant degrees by the Government of Alberta on 24 July 2001. Taylor currently has authority to offer a 3-year Bachelor of Arts and a 4-year Bachelor of Arts in Psychology and Religion & Theology.

Admission Requirements

Applicants are required to present a minimum overall average of 60% in five specific Alberta Grade 12 subjects as described in the Taylor calendar. Applications from graduates of home-based schools or non-traditional secondary programs will be evaluated on an individual basis using the criteria outlined in the Taylor calendar. Non-traditional applicants who are 21 years of age or older and who do not meet minimum admission requirements may be considered for acceptance providing they can demonstrate the potential for success.

Transfer Policy

Applicants who have completed post-secondary studies elsewhere may apply for advanced standing at Taylor. Transfer credit will be granted in accordance with the transfer policies of Taylor (see Taylor calendar).

Applicants who have completed course work in the International Baccalaureate or Advanced Placement programs may be eligible for advanced standing or transfer credit.

University of Alberta

PRINCIPLES

UofA endorses the following basic principles:

1. Student access to higher education opportunities and

student mobility among Alberta's post-secondary institutions should be optimized, without compromising the integrity of UofA's programs.

2. Consonant with the concept of mobility is the basic goal of comparability in the quality of programs.
3. Although UofA is a member of the provincial higher education system, it is firmly committed to the principle that responsibility and authority for academic standards resides in autonomous institutions. This responsibility includes, amongst other things, the establishment and monitoring of program requirements; determination of academic preparation levels and admission criteria; and certification of student achievement.
4. Opportunities for student mobility are based on the recognition that, while learning experience and achievement may differ in many ways, the substance of the experience may be comparable in terms of content and rigor. Students should not be required to repeat previous learning experiences in which competency has been demonstrated. Conversely, more transfer credit than previous learning experience would warrant will not be granted.
5. UofA has the responsibility to assess the total educational preparation of each applicant. This assessment is used to determine the admissibility of applicants as well as the amount of transfer credit to be granted. It should be emphasized that a variety of qualitative factors in addition to academic prerequisites are often required as part of the admission criteria. Thus, while possession of the appropriate academic requirements may make an applicant eligible for admission to a particular program, it does NOT guarantee it. This is especially true for entrance to quota programs.

POLICIES

UofA is a limited enrollment institution and admission to all undergraduate programs is therefore on a competitive basis. Possession of all the minimum requirements does NOT guarantee admission to the University.

Admission: General

A student seeking admission to a degree or diploma program at UofA must have successfully completed the matriculation requirements (or equivalent) as specified by the Faculty offering the program. While provincial Departments of Education are the certifying agencies for the successful completion of these matriculation requirements, UofA recognizes that there are other ways in which students may meet them - for example, by taking suitable programs of study in post-secondary institutions.

See UofA's calendar's Admission Chart 1 - Substitution of Matriculation - level Course Requirements.

Admission: As a Transfer Student

Specific regulations regarding this category of applicant are found in the Undergraduate Admission Section of the University calendar and are outlined below:

1. Students seeking admission to UofA who **have met** the appropriate minimum high school matriculation requirements on first admission to another post-secondary program, will be considered for admission to UofA if they: a) present an admission grade point average (APGA) of at least 2.0, and b) meet all other admission criteria (i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).
2. Students seeking admission who **have not taken** all of the five required Grade 12 subjects on first admission to another post-secondary program will be considered for admission to UofA if they:
   a) have successfully completed, through further high school or university transfer work, the five required matriculation subject areas specified for admission to the particular degree program to which the student has applied;
   b) present the appropriate minimum application average on all five subjects specified for admission;
   c) meet all other admission criteria (i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).
3. Students seeking admission who have not met the appropriate minimum application average on first admission to another post-secondary program will be considered for admission to UofA if they:
   a) have successfully completed at least 24 units of course weight transferable to UofA;
   b) present an admission grade point average (AGPA) of at least 5.0;
   c) meet all other admission criteria (ie. specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).
4. To be considered for admission or readmission, an applicant who has been required to withdraw from another post-secondary institution must:
   a) have successfully completed, through high school or university transfer coursework, the five required matriculation subject areas specified for admission to the particular degree program to which the student has applied;
   b) subsequent to having been required to withdraw, have successfully completed at least 24 units of course weight transferable to UofA;
   c) present an admission grade point average (AGPA) of at least 2.0;
   d) meet all other admission criteria (ie. specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).
5. To be considered for readmission, an applicant who has been required to withdraw from UofA must:
   a) if he or she is seeking readmission to the same Faculty, meet all conditions set by the Faculty at the time of the requirement to withdraw; or
   b) if he or she is seeking readmission to another Faculty, present 18 units of course weight transferable to the University with an AGPA of at least 2.7 or 24 units of course weight transferable to the University with an AGPA of at least 2.0 on work done after being required to withdraw and meet all other admission or readmission criteria

(i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.)

6. *Calculation of the Admission Grade Point Average (AGPA)*: The AGPA will be calculated on all university transferable coursework completed in the most recent two terms of study provided they contain a minimum of 24 units of course weight. If those two terms contain less than 24 units of course weight, then all work in the next most recent term(s) will be included in the calculation until the minimum total of 24 units of course weight is reached. Two term courses are considered second term courses in these calculations. For applicants who have attempted less than 24 units of course weight of transferable post-secondary work, the AGPA will be based on all university or university transfer credits attempted.

NOTE: Where the applicant has more than 1 passing grade for the same course at any institution, only the first passing grade will be used in calculating the grade point average(s) for admission purposes.

Transfer Credit

Transfer credit may be granted to applicants for admission who have completed one or more university-level courses at another recognized university or college. Transfer credit is used to reduce the length of the degree program. Generally, the amount of transfer credit granted depends on how applicable the previous coursework is to the particular degree program to which the student has applied.

A maximum of 2 years of transfer credit will be granted towards a UofA undergraduate degree program. This normally consists of 60 units of course weight, or its equivalent (e.g., 10 full-courses or 20 half-courses).

The amount of transfer credit is determined by the Faculty regulations, and is subject to the same regulations as for those transferring from one Faculty to another within the UofA.
In addition, some faculties have placed a limit on the number of 100- and 200-level courses for which transfer credit may be granted. Prospective students should consult relevant faculty sections of the calendar.

NOTE A: Transfer credit **will** be granted for 100-level language courses (or equivalent) that have been successfully completed, **except where:** a 30-level (matriculation) course in the **same** language has also been successfully completed.

NOTE B: Transfer credit will be granted for each course transferable to UofA if the grade achieved is at least a C- (or its equivalent) and the course is applicable to the specific program to which the student has applied.

Transfer from Alberta Colleges and Institutes

Some provincial post-secondary institutions have negotiated transfer agreements for transfer of credit for some of their courses and programs. These are outlined in Section III of the *Alberta Transfer Guide*. UofA will accept for credit those courses and programs listed in the *Transfer Guide* to the extent that they are relevant and applicable to the degree program to which the student wishes to enter.

The Faculty of Arts will grant credit for university transferable courses which have been formally approved for transfer credit by either The University of Calgary or The University of Lethbridge, and published in the *Alberta Transfer Guide*. Although no formal agreements currently exist between the sending institution and the UofA, the Faculty will apply credit towards a student's program to the extent that the courses apply to the degree requirements.

Transfer from Universities

Transfer credit from other degree-granting institutions is assessed on an individual, course-by-course basis. The amount of transfer credit granted depends on how relevant and applicable the previous course work is to the particular degree program for which the student has applied.

UofA's Faculties of Extension and Agriculture, Forestry and Home Economics have established one agreement. Students who have successfully completed the specified Residential Interiors Certificate Program at the Faculty of Extension, UofA, will receive credit toward the Bachelor of Science in Human Ecology as follows:

> three 300-level Approved Program Electives (9 ucws), three 300-level Free Electives (9 ucws), and TCC 150 (3 ucws).

Transfer from Out-of-Province Colleges and Institutes

UofA will normally accept courses from recognized colleges and institutes in other provinces, provided that such courses are applicable to the universities in that province AND to the extent that they are applicable to the particular degree program for which the student has applied.

Advanced Placement

Advanced placement may be granted to applicants who have taken the equivalent of university courses in some other manner. This excuses them from taking the corresponding university courses, but other courses must be taken in their stead. Students who have been granted advanced placement will not have the length of their program reduced.

If applicants feel they may be eligible for either transfer credit or advanced placement, they should ensure that the application is submitted well in advance of the deadlines. UofA reserves the right to require applicants for transfer credit or advanced placement to write examinations at any level, including that of matriculation.

Credit by Special Assessment

Some faculties have agreed to allow students to seek credit in certain specified courses without actually registering in and taking courses, if they can demonstrate an acceptable level of mastery of the course content. The procedure whereby a student seeks credit in a course by this non-traditional route is known as Credit by Special Assessment.

Faculties, in consultation with departments, will determine which, if any, of their courses may be attempted by special assessment, and the conditions that a student must satisfy in order to have an application approved.

The privilege of seeking credit in a course by special assessment is limited to students admitted to UofA. Students wishing to receive credit in courses by this means are advised to report to their Faculty office in order to be apprised of Faculty regulations and deadlines for submission of applications.

All grades obtained in attempts by special assessment, including failing grades, will be recorded on students' transcripts and computed into their student record in accordance with the policies of the students' Faculties.

NOTE: Courses that have been successfully "challenged" at other institutions may be considered for advanced placement; however, transfer credit for such courses towards a degree cannot be guaranteed. Prospective students should consult with the relevant Faculty office.

PROCEDURES

Applying for Admission

Students from other post-secondary institutions who wish to transfer to UofA and work toward an undergraduate degree are encouraged to apply and pay application fees online at: www.registrar.ualberta.ca

Conditional Admission

Conditional Admission for students currently attending post-secondary institutions is available in a number of UofA's programs. Upon receipt of an application for admission and all required documents, eligibility is assessed for students' first choice of Faculty/Program. Conditional Admission gives students early access to registration. For students who are eligible for conditional admission, the application will remain active. When all final documents have been received, the application will be reviewed and the students' admission reassessed.

NOTE: The Registrar's Office is not able to make unofficial evaluations of admission or transfer credit. Applicants MUST submit an Application for Admission and all appropriate documents.

Documents

For Conditional Admission, applicants must submit ONE official transcript of all high school education. TWO official transcripts are required from all CEGEP, International Baccalaureate and Advanced Placement programs, as well as all previous post-secondary institutions attended. Unofficial transcripts showing grades to date, first term grades and second term registration from your current institution will be accepted. UofA needs two official transcripts of final results to confirm admission.

Deadlines

Application and document deadlines are extremely important for all students and should be noted carefully. Deadlines for all programs are listed on the UofA Registrar's Office and Student Awards web site at: www.registrar.ualberta.ca.

Admission and Transfer Credit

Upon acceptance to UofA, students receive a letter of admission and a transfer credit report or faculty program form which indicates any conditions of their admission and all courses for which transfer credit has been granted.

Registration

Once students are admitted, they will be sent information on how and when to register using the Bear Tracks web registration system.

University of Calgary

Admission Regulations

Prospective applicants should familiarize themselves with the Admissions requirements, as well as the Academic Regulations printed in the UofC Calendar. No students will be considered for admission or transfer credits unless the entrance requirements of UofC are satisfied. Furthermore, the academic standing of transfer applicants at their previous post-secondary institution(s) must be such that they would be allowed to proceed in a degree program at UofC. This information is provided in the UofC calendar and may be obtained from the address listed below.

EARLY ADMISSION is offered to transfer students attending an Alberta post-secondary institution. For further information, applicants should contact the Admissions Office.

All applicants must demonstrate English language proficiency for purposes of admission in one of the following ways: a) successful completion of at least three years of formal, full-time study at an English secondary or post-secondary institution in an English speaking country which the UofC recognizes as English language proficiency exempt; or b) graduation from a degree program offered by an accredited university in a country which the UofC recognizes as English language proficiency exempt; or c) a mark of 75% or better on the Alberta English 30 diploma examination or a mark of 80% in an equivalent course from other Canadian provinces; or d) minimum score of 220 on the computer-based TOEFL; or e) minimum score of 560 on the paper-based TOEFL, or f) minimum score of 550 on the paper-based TOEFL, accompanied by minimum score of 5.0 on the TWE; or g) minimum score of 7.0 on the IELTS; or h) successful completion of the ELFP program at UofC.

Transfer Regulations

1. UofC undergraduate courses are numbered as follows:
    a) Courses are numbered from 200 to 500.
    b) Courses numbered 200 are considered "Junior-level" and courses numbered 300 and above are considered "Senior-level".
    c) Half courses (3 credits) are normally offered over one semester (13 weeks) and are distinguished as odd-numbered courses. Full courses (6 credits) are normally offered over two consecutive semesters (26 weeks) and are distinguished as even-numbered courses.
2. At UofC the primary means of evaluating courses for transfer credit would be the detailed examination of course content. The secondary means, if required, would be an examination of the level of instructor qualifications as follows:
    a) With regard to 200- and 300-level UofC courses, the minimum level of instructor qualification required would normally be a Master's degree with appropriate specialization.
    b) Public College and Institute of Technology courses will normally not be accepted for transfer at the 400- and 500-level.
    c) Where 400- and 500-level UofC courses are considered for transfer credit, the minimum qualification would normally be a PhD with appropriate specialization.
3. The *Alberta Transfer Guide* contains a list of courses which have been evaluated by UofC as transferable credits on the basis of present working arrangements. UofC does not necessarily consider the courses as exact equivalents to UofC courses. However, to simplify registration procedures for new students, the courses are listed as if they were directly equated. Courses transferred from other post-secondary institutions may be used as prerequisites for senior-level courses at UofC .
4. The amount of transfer credit that may be applied to the student's degree program is limited by the residence requirement of the Faculty. Most undergraduate faculties normally require that at least half the degree requirements be completed at UofC. A maximum of 15 full-course equivalents may be transferred to an undergraduate program in the Faculty of Engineering unless the courses are completed at an institution accredited by the Canadian Engineering Accreditation Board.
5. Transfer credits are awarded only to the extent that they fit the student's particular program at UofC. Courses which are not directly applicable to that program are considered extra to the student's degree.
6. When selecting courses, prospective transfer students should be aware of the limit on the number of junior-level courses (200-level) that may be counted towards a degree program at UofC. Furthermore, courses listed with the prefix "Sr." [i.e., Sr. PSYC (3)] are normally considered to be 300-level courses at UofC.
7. Transfer students must ensure that they do not take duplicate courses, since no credit will be granted for those courses which duplicate in content a course previously completed.
8. Students attending UofC are not permitted to repeat a course more than once. Prospective transfer applicants should be aware of this regulation since courses completed a third or more times will not be accepted for transfer credit.

The University of Lethbridge

Admission

All applicants must meet the minimum admission requirements of UofL in order to gain admission and receive transfer credit. Applicants should refer to the University calendar, or consult with an Admissions Officer, for detailed information on program requirements, admission and transfer credit.

Students seeking admission to any undergraduate program or as a Visiting Student at UofL must apply for admission by completing and submitting the Application for Admission - Undergraduate Admission, by the appropriate deadline.

Transfer Policy

1. Courses acceptable for credit at one of the other Alberta universities or university colleges are normally transferable to UofL.
2. A student transferring to UofL must have obtained a **minimum cumulative grade point average** of "2.00" on the 4-point system or equivalent; admission to certain programs is competitive and may require a higher GPA.
3. Transfer credit is awarded for transferable courses with passing grades. Transfer credit is awarded only to the extent to which it may be applied to the student's academic program.
4. Where **unspecified credit** is awarded, the student should consult with a UofL Academic Advisor regarding how the transfer credit applies to the student's program.
5. Transfer students are advised of **residence and major requirements and time limit policies** which vary according to academic program. Typically, the maximum number of courses which may be transferred for credit toward a UofL single undergraduate degree program or combined degrees program is 20. For information consult pp. 65-67 of the 2004/2005 UofL Calendar; this table may be

found on the UofL website at www.uleth.ca/reg/calendar/part04.pdf

6. Holders of appropriate diplomas may be admitted into degree programs of approximately 15 to 25 courses in length (35 for the Post-Diploma BMgt/BEd), depending upon the diploma awarded. Post-Diploma single degrees at UofL are equivalent to four-year programs and post-diploma combined degrees equivalent to five-year programs. Post-diploma programs are offered leading to the BA (Agricultural Studies), BSc (Agricultural Studies), BSc (Computer Science), BSc (Environmental Science), BSc (Geography with a concentration in Geographical Information Science), BFA (Art), BFA (Dramatic Arts), BFA (Multidisciplinary), BMus, BMgt, BHSc (Addictions Counselling), BNursing, BFA/BEd, BMus/BEd and BMgt/BEd.
   Applicants presenting two- or three-year college diplomas may also be considered for admission to degree programs other than post-diploma programs; these applicants are considered eligible for admission to first-degree undergraduate non-quota programs, and will receive transfer credit according to regular procedures. The college diploma presented must have sufficient academic merit and a cumulative program GPA of at least 2.50 on the UofL four-point scale.
7. Students intending to transfer into the **Faculty of Arts and Science** should note that for most programs at least half of the courses required in the major must be completed at UofL.
8. Except for applicants who already hold university degrees, all **Bachelor of Education** programs are combined degrees programs (e.g., BA/BEd, etc.). Students intending to transfer to combined degrees programs, or to programs in the Faculty of Arts and Science which lead to combined degrees, should be aware of policies particular to the combined degrees, including the following:
   a) Students intending to transfer directly into any combined degrees programs which include the Bachelor of Education are advised to complete a **maximum** of 5 semester courses in Education. The 5 semester courses in Education which may be transferred include EDUC 2500, at least 1 Educational Foundation and up to 3 Education electives. Students transferring fewer than 5 Education courses will be required to complete additional courses in order to satisfy program requirements.
   b) Students in the combined BA/BEd or BSc/BEd degree programs will be required to complete at least 15 Arts and Science courses at UofL including at least ½ of the required courses in the major, to meet Arts and Science portions of these degrees (for example, Management, Nursing and Health Sciences courses will not count).
   c) Students in the BMgt/BEd program will be required to complete at least 10 Management courses at UofL to meet Management residency requirements. These 10 courses must include 7 at the 3000/4000-level. Therefore, given program requirements, a student may transfer up to 6 Management courses, of which 4 are at the 3000/4000-level. The Post-Diploma BMgt/BEd does not provide for any transfer credit. The Faculty of Education also requires successful completion of a keyboard proficiency requirement.

   Other Faculty of Education requirements: In the BFA (Art)/BEd program, the Faculty of Education requires a portfolio submission and interview. In the BMus/BEd program, the Faculty requires an acceptable audition and/or interview. In the BFA (Dramatic Arts)/BEd program, the Faculty requires a portfolio submission, performance audition and interview.
9. Students intending to transfer into **Faculty of Fine Arts** programs or combined degrees which include Fine Arts programs are advised to complete at least 5 transferable courses which count toward the General Liberal Education Requirement and are classified as social sciences or sciences. These students should also note that of the 20 courses which are transferable, a maximum of 15 in a Fine Arts major subject may be awarded credit. Post-diploma degree programs leading to the BFA (Art, Dramatic Arts, or Multidisciplinary), BMus and combined degrees including these programs are not based on transfer credit, but offer direct admission to Year Three.
   An audition, interview or portfolio review, as appropriate, is required for admission to Post-Diploma programs in Art, Dramatic Arts and Music. All students applying for transfer of Music Studio or Practical Skills Performance courses must audition, after which unspecific Music credits may be converted to specified credit. Admission requirements for the BFA (New Media) include both a portfolio/audition (as appropriate) and a summary of activities related to the fine arts and knowledge of multimedia and/or computer applications. See the Academic Advisor, Faculty of Fine Arts, for more information on these requirements.
10. Programs offered by the **School of Health Sciences** include two collaborative programs. Students may apply for admission to the Bachelor of Health Sciences (Addictions Counselling) either at the University of Lethbridge or at Medicine Hat College. Students may apply for admission to the Nursing Education in Southwestern Alberta (NESA) four-year BNursing program at UofL. (See Section III of this Guide for more information about both programs.) All courses for which transfer is sought must be presented upon application to the School of Health Sciences at UofL.
11. Students intending to transfer into the **Faculty of Management** in BMgt, BA/BMgt, or BSc/BMgt degree programs should note that 20 courses may be transferred for credit. The number of 3000/4000-level Management courses which may be transferred for credit varies with the program and chosen major. In the BMgt program, up to 10 senior Management courses may be transferred, taking into consideration the 10-course residence requirement. In the BA/BMgt and BSc/BMgt programs, up to 5 senior Management courses may be transferred in for all majors. The Post Diploma BMgt program does not provide for any transfer credit. Note that courses transferring as MGT

2xxx are normally not allowed for credit towards BMgt programs.

Students intending to enter the Faculty of Management should be aware of minimum grade requirements for certain courses:

a) admission to Management requires minimum grades of C- in ECON 1010, ECON 1021 and STAT 1770 (or their equivalents);
b) A minimum grade requirement of C- applies to certain courses required in the Management program (see the Calendar for details). These include WRIT 1000 (or a university-level English course), all Management courses and certain other courses. Although individual courses may transfer with passing grades lower than C-, they will not count against program requirements.

12. **Program requirements** normally are governed by the calendar for the year in which the student was admitted or re-admitted to UofL, while all other requirements and regulations are governed by the current calendar, for all students. A continuing student may opt to be governed by any Calendar from the one in effect at the point of most recent admission to UofL, to the current Calendar. If a student opts for a particular Calendar, all program requirements of the chosen Calendar shall apply, while the current Calendar shall apply in all other respects. Students continuously registered in formally approved transfer programs or in transferable courses at member institutions of the Alberta Council on Admissions and Transfer are normally admitted under the current Calendar. However, when admitted to UofL they may opt for any calendar from the current one to the Calendar in effect at the point of most recent admission to the Alberta college system.
13. For some groups of **courses which share similar content**, credit is awarded for only one course of the group. This applies whether the courses completed were those at UofL or their equivalents at another institution. The current UofL Calendar and the *Alberta Transfer Guide* should be consulted by the student. For example, credit shall be given for only one of any of the following groups of courses: only one of ECON 2900 or STAT 2780; only one of MATH 1510 or 1560; only one of PSYC 2030 or SOCI 2130; only one of PHYS 1000 or 1050.

    Series courses at UofL are courses which are offered regularly but whose content varies with different offerings. Several series courses, with the same subject and number but which address different content, may all be counted towards program requirements. For example, a student may be awarded 3 semester course credits for 3 English courses which respectively address Science Fiction, the short story and Commonwealth literature, and all of which transfer as English 3700.

    Courses receiving transfer credit of **ENGL 1xxx (3)** normally serve for program requirements and prerequisites in the same manner as **ENGL 1900**.
14. Appeals of Admissions transfer credit decisions must be made in writing within one year of the decision, to the Assistant Registrar, Admissions.
15. **Conditional Early Admission for New Transfer Applicants** — New transfer applicants who, on the basis of work already completed, are identified as qualified according to UofL admission policies, may be offered admission well in advance of regular deadlines. If studies are in progress at the time that admission is offered, the offer will be conditional on receipt, by applicable deadlines, of official documents which show satisfactory academic achievement. Applicants offered conditional admission on this basis will be expected, on the basis of final official documents, to meet or exceed basic admission criteria.

Official transcripts of all post-secondary work must be sent directly from the post-secondary institution attended to the UofL Admissions Office. Further information regarding admission or transfer credit may be obtained from:

Yellowhead Tribal College

Yellowhead Tribal College (formerly Yellowhead Tribal Council Education) was established to provide aboriginal people an alternative to mainstream institutions. Its first permanent education program, the University and College Entrance Preparation Program, was initiated in the spring of 1984. YTC has evolved into a centre offering recognized post-secondary courses, certificates, diplomas and degrees in partnership with colleges and universities, in particular, Athabasca University, Lethbridge Community College and NorQuest College. Since 1996, YTC has been developing and offering its own university transferable courses. Current offerings include: Adult Basic Education, UCEPP, University Transfer, First Nations Management Program, First Nations Accounting, Criminal Justice (LCC), Information Technology, Aboriginal Licenses, Practical Nurse Program (NorQuest), Bachelor of Administration (AU) and Off Campus studies. YTC presently issues certificates and diplomas.

Admission Requirements

Applicants must be at least 18 years of age and meet individual program admission requirements which are specified in the YTC calendar.

Transfer Policy

YTC awards advance credits for courses completed at other post-secondary institutions equivalent to designated YTC program courses up to a maximum of two courses per fall and winter session, and one course per spring and/or summer session. Official transcripts of grades must be submitted to the registrar and program coordinator directly from the other post-secondary institution(s) prior to advance credit assessment. Credits awarded through advance credit assessment are not counted in YTC's residency requirement. Only successfully completed courses will be considered for advance credit.

III. TRANSFER AGREEMENTS BY SENDING INSTITUTION

1. INTRODUCTION

This section lists the transfer agreements between post-secondary education institutions in Alberta. It is arranged alphabetically by sending institution and may involve up to 4 transfer information components for each institution:

1. a list of programs and/or courses transferable to universities and private colleges with accredited degree programs,
2. a list of programs and/or courses transferable to Alberta College of Art & Design's BFA,
3. a list of programs and/or courses transferable to applied degree programs at colleges and technical institutes, and
4. a list of programs and/or courses transferable to certificate or diploma programs at colleges and technical institutes.

The institution identified in the column on the left of the following tables is the sending institution: those on the right are receiving institutions. Programs and courses listed under the left column are referred to by the course code and number designated by the sending institution. Programs and courses listed for each receiving institution's column represent the corresponding award of transfer credit with the names and numbers designated by the receiving institution. Where course equivalencies are listed, they are referred to by course code and number designated by the receiving institution. These course equivalents indicate to the reader that, provided the sending institution courses fit the requirements of the particular program entered, they will be accepted for transfer.

Please pay close attention to the following:

1. The *Transfer Guide* indicates the **minimum transfer credit** which is available for prior post-secondary educational experience upon admission to a post-secondary institution. Additional transfer credit may be negotiable on an individual basis.
2. In some cases, footnotes are used to indicate provisions under which the transfer arrangements apply for specific procedures involved in transfer. **Users of the *Alberta Transfer Guide* are advised to pay close attention to the footnoted comments.**
3. Users of the *Guide* are also encouraged to **read, in conjunction with the following tables, the admission and transfer policies statements of the institution to which they are transferring.** These statements can be found in Section II of this *Guide*.
4. Within the *Transfer Guide*, credit may be indicated by specific course equivalents or by non-specific course options. Receiving institutions have adopted various ways of presenting non-specific course options which also designate the level of study. The University of Calgary indicates the level using "Jr." or "Sr." (e.g. Jr. ART). Beginning with the *1990-91 Alberta Transfer Guide*, the other degree-granting institutions indicate an unspecified course at the 100-, 200-, 300- or 400-level by indicating the discipline followed by a 1xx, 2xx, 3xx, or 4xx, respectively (e.g. ART 1xx or ART 2xx) reflecting the receiving institution's practice. In the case of The University of Lethbridge, an unspecified course number at the 1000-, 2000-, 3000-, or 4000-level is indicated by the discipline followed by a 1xxx, 2xxx, 3xxx, or 4xxx, respectively (e.g. ART 1xxx).

2. GENERAL STATEMENT OF PRINCIPLE ON INTERCOLLEGIATE TRANSFER POLICY IN ALBERTA

The following policy was adopted by the Committee of Senior Academic Officers of the Council of Presidents, Public Colleges and Technical Institutes of Alberta in March 1988 and was received by the Alberta Council on Admissions and Transfer in March 1988. The policy applies to the member institutions of the Council of Presidents.

The Alberta Council on Admissions and Transfer recognizes the growing importance of transfer activity among public colleges in Alberta and endorses the principle that the portability of educational credit among the public colleges must be optimized.

In keeping with this principle, but subject to the receiving institution's admission, continuation, and graduation requirements being satisfied, students who successfully complete the first year of a program at a public college in Alberta will normally be admitted to the second year in a similar program upon transfer to another Alberta public college. Transfer students should be accorded the same priority for registration as continuing students at the receiving institution. Sending institutions should identify for receiving institutions by December of any given year the potential number of transfer students to enable adequate planning for the accommodation of students in the system. The institution delivering the second year of studies will be responsible for granting the diploma.

Transfer prior to completion of the first year or after completion of more than the first year would be governed by current agreements and procedures.

Reciprocal program-to-program transfer agreements among the public colleges are to be negotiated and administered by the institutional Contact Persons in close consultation with the appropriate program coordinators.

A reciprocal transfer agreement is in effect for the **REHABILITATION/COMMUNITY SERVICES/DISABILITY STUDIES** Diploma programs at Grande Prairie Regional College, Grant MacEwan College, Lakeland College, Lethbridge Community College, Mount Royal College, Portage College and Red Deer College.

Another reciprocal transfer agreement is in effect for the **EARLY CHILDHOOD DEVELOPMENT** Diploma programs at Grande Prairie Regional College, Grant MacEwan

College, Keyano College, Lakeland College, Lethbridge Community College, Medicine Hat College, Mount Royal College, Portage College and Red Deer College.

3. NURSING PROGRAMS

University of Alberta Collaborative Baccalaureate Nursing Program

In 1990 an off-campus BScN program was developed in collaboration with Red Deer College which allows students to complete a four-year BScN in Red Deer. Since September 1995, students in Edmonton enrolling in the Collaborative BScN Degree Program at the UofA attend the UofA for all four years of the program or complete two years of the program at Grant MacEwan College and transfer to year three at UofA.

Two additional off-campus programs were also implemented in 1995 with Grande Prairie Regional College in Grande Prairie and Keyano College in Fort McMurray. These programs allow students to complete a 4-year BScN program at the collaborating college, with the UofA granting the degree.

In 1997 the Collaborative Baccalaureate Nursing Program adopted the Context-Based Learning (CBL) curriculum. CBL empowers groups of students to acquire nursing knowledge by addressing reality-based health scenarios. CBL challenges students to think critically, be resourceful, and work as team members. The major difference in this curriculum compared to the traditional lecture approach is that students assume responsibility for their own learning. CBL prepares nurses for the reality of working in a variety of health care environments with a changing health care system and puts emphasis on the client as the central focus.

University of Alberta BScN After Degree Program

In 2002, the Faculty of Nursing began an After Degree program for students with a completed undergraduate or graduate degree in another field. The program can be completed in 23 months.

University of Calgary Nursing Program at MHC

The University of Calgary Faculty of Nursing offers students a sound theoretical base and supervised clinical experience in a variety of nursing practice settings. The BN program offers a number of flexible routes to completion. The 4-year program is designed for students entering directly from high school. However, transfer students with prior post-secondary course work may be able to complete the program in 3, or 3½ years, depending on availability of clinical and faculty resources and student demand.

One of the completion routes to the 4-year BN program is offered at the Medicine Hat College site. Students initially are admitted to the program through MHC. They later apply to UofC for admission to third year and complete the requirements for the degree by registering through the UofC for all but two courses. The program also provides an opportunity for students to exit with a diploma at the completion of the Spring Session in third year.

The faculty also offers a 2-year BN Accelerated Track (BNAT) program designed primarily for degree holders who have completed most or all of the support courses outlined in the 4-year BN program.

Nursing Education in Southwestern Alberta (NESA)

The NESA program is offered collaboratively by the University of Lethbridge (UofL) and Lethbridge Community College (LCC). Students can choose between a 22-month Diploma program offered by LCC, or a 32-month BNursing degree program offered by UofL. The first two years of either program are offered on the LCC campus and are common to both the Diploma and Degree programs. The final two years of the Degree program are offered on the UofL campus.

Students interested in the Diploma program should apply directly to LCC. For more information visit www.lethbridgecollege.ab.ca or contact the Program Leader at (403) 320-3469. Students interested in the BNursing Degree program should apply directly to UofL. For more information visit www.uleth.ca or contact the Student Advisor at (403) 329-2649.

Space in the NESA program is limited. Students can transfer from one program to the other by application (e.g., a student in the Diploma program, up to the beginning of the fourth semester, could be considered for the BNursing Degree program by applying for admission to UofL).

Post-RN Baccalaureate Degree Programs

Nursing Diploma graduates receive 2 years program credit upon admission to a university post-RN baccalaureate nursing degree program. The participating public colleges with nursing diploma programs are: **Grande Prairie Regional College, Grant MacEwan College, Keyano College, Lethbridge Community College, Medicine Hat College, Mount Royal College,** and **Red Deer College**. The participating Alberta universities are: **Athabasca University, University of Alberta, University of Calgary,** and **The University of Lethbridge**.

The UofL also offers Post Diploma Bachelor of Nursing for Registered Nurses **with Specialty Certification**. It is a 15 course program for graduates of a recognized diploma program who also hold a Canadian Nursing Association Certificate in a recognized nursing specialty or a certificate in a recognized nursing specialty from an approved School of Nursing.

4. BIOLOGICAL SCIENCES PROGRAMS

Tri-University Block Transfer Agreement for Biological Sciences[1]

A transfer student may obtain up to 2 full years credit in the Biological Sciences program at the Universities of Alberta, Calgary or Lethbridge by completing the following block requirements for one of the 3 universities. As the agreement is based on a block of knowledge, do NOT read the following chart as a table of course by course equivalents.

REQUIREMENTS	U of A	U of C	U of L
BIOLOGY: 15 credits[2]	BIOL 107, 108, 207, 208; + 1 of BOT 201, 210, MICRB 265, ZOOL 225 or 250	BIOL 231, 233, 311, 313, 331	BIOL 1010, 1020, 2000, 2200; + 1 of BIOL 3110, 3200, 3520 or 3560
BIOCHEMISTRY: 3 credits	BIOCH 220 or 203	BCEM 393	BCHM 3010
CHEMISTRY: 9 or 12 credits	CHEM 101 + 161/163 or 261/263	CHEM 201, 203 + 351/353	CHEM 1000, 2100 or 2500, + 2200 or 2600
MATH/STATISTICS: 6 credits	STAT 151 + 1 of MATH 113, 114, 115 or 120	MATH 249 or 251; + 1 of 211, 221 or 253	STAT 1770 + MATH 1560

Extension of Tri-University Block Transfer Agreement for Biological Sciences to Other Institutions[1]

A transfer student may obtain up to 2 full years credit in the Biological Sciences program at UofA, UofC or UofL by completing the following block requirements for one of the 3 universities. As the agreement is based on a block of knowledge, do NOT read the following chart as a table of course by course equivalents. Courses at Augustana, Concordia, Grande Prairie, Grant MacEwan, Keyano, Lakeland, Red Deer and King's are modeled after or similar to UofA while Medicine Hat and Mount Royal courses are modeled after UofC.

	AUGUSTANA	CONCORDIA	GRANDE PRAIRIE	GRANT MacEWAN	KEYANO
BIOLOGY: 15 credits[2]	BIO 110, 130, 251, 261 + 1 of 216 or 294	BES 107, 108, 207, 208, + 1 of 225, 250, or 265	BI 1070, 1080, 2070, 2080 + 1 of BT 2100, MI 2650, or ZO 2250 or 2500	BIOL 107, 108, 207, 208 + 1 of ZOOL 225 or 250	BIOL 107, 108 + ZOO 350

[1] Successful completion of the above block of core courses along with appropriate options will allow transfer into third-year at any participating university Biological Sciences program. Admission is based upon performance. Some courses may have to be taken subsequent to transfer to enable the specifics of that particular program to be completed.

[2] 12 of the 15 biology credits must have a laboratory component. Students majoring in Botany, Cellular, Molecular & Microbial Biology or Zoology at UofC who present the equivalent of BOTA 321, 323, 327, CMMB 343, ZOOL 375 or 377 will be required to complete an additional 3 senior credit option in their major.

5. ENGINEERING PROGRAMS

University of Alberta and University of Calgary Faculties of Engineering

The first year engineering programs at the University of Alberta and the University of Calgary are similar but not identical. A transfer student may obtain complete or partial credit towards first year depending on the courses selected and the university to which admission is sought. Students should plan their programs carefully and in consultation with the academic advisor at their transfer institution. First year program requirements at the two universities are indicated below. In instances where there is a course entry for both UofA and UofC, the courses are treated as equivalent.

FIRST YEAR PROGRAM REQUIREMENTS	UofA	UofC

Design and Communications[4]	-	ENGG 251/253 (6)
Complementary Studies Elective[5]	Yes	Yes

[1] UofC offers a second Engineering Statics/Dynamics course, ENGG 349, in second year. It is required for 6 of 9 UofC programs. As it is not applicable for Electrical, Computer or Software Engineering, transfer students who are admitted to these 3 programs may count this extra credit as a technical elective. UofC's ENGG 205/349 is equivalent to UofA's ENGG 130/EN PH 131.

[2] UofC offers an equivalent course, PHYS 369, as part of the second year program. It is required in all but Oil and Gas Engineering programs at UofC.

[3] UofA offers an equivalent course, PHYS 230, as part of the second year program. It will be accepted as equivalent to PHYS 259 at UofC. Students transferring to Electrical, Computer and Software Engineering at UofC must complete PHYS 259 or equivalent before UofC classes start in the fall or registration will be cancelled. Students admitted to the other 6 programs must take PHYS 259 before entering 3rd year at UofC. Students transferring to Civil, Mining, Computer Process Control option in Chemical and Petroleum Engineering programs at UofA cannot receive degree credit for UofC's PHYS 259 or UofA's PHYS 230.

[4] Students completing UofC's ENGG 251 and 253 will receive credit for ENGG 100/101 at UofA. UofA students transferring to UofC will have the ENGG 251/253 requirement waived. In place they must take the following: (a) an approved drawing course and (b) an extra technical elective whose engineering design content is at least 50%. Engineering design content will be judged from the latest CEAB accreditation report.

[5] Complementary studies electives in first year are courses selected from the humanities (excluding languages) or social sciences. English courses are acceptable.

Relation of University Transfer Engineering Programs to Faculties of Engineering

First year engineering programs are offered at 7 post-secondary institutions. The following two charts show how courses at these institutions transfer to the Faculties of Engineering at UofA and UofC.

UNIVERSITY OF ALBERTA

All admissions to the engineering programs which start in second year are competitive and are based on academic performance in first year. Students who are in good standing after completing one of these engineering transfer programs are eligible for admission to UofA's Faculty of Engineering. Students from these programs are treated in the same way as students who have completed first year engineering at UofA. Students who have carried less than 10 three-weight courses in the preceding academic year will have an adjustment applied in the calculation of their admission GPA. In this context, design and communications courses equivalent to UofC's ENGG 251 and 253 are not counted as part of the 10 course requirement.

[1] At institutions where both courses include statics and dynamics, students must complete both courses to obtain credit for ENGG 130 and EN PH 131. If only one is completed, the student will receive credit for either ENGG 130 or EN PH 131 depending on the engineering discipline to which they are admitted.

[2] Students transferring will receive 5 ucw in lieu of UofA's ENGG 100/101 and ENGL 199 (a required second year course).

[3] Introduction to engineering requirement is waived.

UNIVERSITY OF CALGARY

Admission to the Faculty of Engineering is limited and based on the grade point average (GPA) of courses that are transferable to UofC. The admission GPA varies depending on the number of spaces available in the degree program to which the student has applied. Students who have completed eight of the ten technical first year courses will be considered for transfer into second year and directly into an area of specialization.[1] Admission of transfer students to degree programs is competitive and the GPA necessary for admission will be different for each program and may also differ from one year to the next.

[1] Transfer students are not required to complete the complementary studies elective to be admissible to second year and a degree program. Acceptable complementary studies are those transferable to UofC in the humanities (excluding languages) or social sciences. English courses are acceptable. See www.eng.ucalgary.ca/students/comp_studies.htm for a list of acceptable complementary studies courses.

[2] Students who complete the college courses equivalent to UofA's ENGG 130 and EN PH 131 will receive credit for UofC's ENGG 205 and 349. ENGG 349 is a 2nd year course and is required for 6 of 9 UofC programs. It is NOT applicable for Electrical, Computer or Software Engineering. Students who are admitted to these 3 programs may count this extra credit as a technical elective.

(over)

[3] Keyano students are strongly encouraged to take a complementary block week course at UofC.

[4] Students who complete the college course equivalent to UofA's PHYS 130 will receive credit for UofC's PHYS 369, which is required in all but the Oil and Gas Engineering program.

[5] Students admitted to Electrical, Computer and Software Engineering must complete PHYS 259 or equivalent before UofC classes start in the fall. If they do not, their registration will be cancelled. Students admitted to the other 6 programs must take PHYS 259 before entering 3rd year at UofC.

[6] Students admitted from a college transfer program which does not offer the equivalent of ENGG 251/253 will have this requirement waived. In place they must take the following: (a) an approved drawing course and (b) an extra technical elective whose engineering design content is at least 50%. Engineering design content will be judged from the latest CEAB accreditation report.

* NOTE: The University of Lethbridge does not currently have an Engineering Transfer program to UofC; students interested in transferring from UofL should contact the Faculty of Engineering at UofC.

6. COLLABORATIVE BACHELOR OF HEALTH SCIENCES (ADDICTIONS COUNSELLING)

Medicine Hat College (MHC) and The University of Lethbridge (UofL) jointly offer a 4-year program leading to a Bachelor of Health Sciences (Addictions Counselling). Students pursuing the Baccalaureate may apply to MHC or to UofL. Students applying to MHC spend the first two years of the program on the MHC campus, and the third and fourth years on the UofL campus. Students applying to UofL spend all four years on the University campus. Students at MHC may opt to leave the program with a Diploma in Health Sciences (Addiction) following two years of successful study. In either case, entry and program requirements are identical and students successfully completing the four-year program graduate with a Bachelor in Health Sciences (Addictions Counselling), awarded by UofL.

Students from other post-secondary institutions may transfer up to half of the program requirements. All transfer arrangements must be approved prior to admission.

Students will be allowed 7 years to complete all requirements of the baccalaureate program, from the time of initial registration in HLSC 200/1000.

For detailed information on admission, program requirements and transfer contact either MHC, or the Academic Advisor of the School of Health Sciences at UofL (403-329-2649). Program Planning Guides are available for this program at MHC and at UofL.

7. ACCELERATED BACHELOR OF MANAGEMENT

Grant MacEwan College and the University of Lethbridge (UofL) jointly offer a program leading to a 4-year (Accelerated) Bachelor of Management degree. The degree program consists of 40 courses. The first 21 courses are offered by Grant MacEwan in Edmonton. After successfully completing these 21 courses the student applies for admission to the Faculty of Management at UofL.

Admission is guaranteed for students with a cumulative grade point average of 2.50 or higher (subject to change).

The BMgt degree is awarded by UofL. Students apply to this program through Grant MacEwan College.

8. PAN-CANADIAN PROTOCOL

Through the Council of Ministers of Education, Canada (CMEC) Pan-Canadian Protocol on the Transferability of University Credits, the universities and private university colleges of Alberta affirm that they recognize each others' courses, as well as those of other Canadian universities. Alberta's post-secondary institutions recognize the importance of student transfer and endorse the principle that the portability of educational credit must be optimized.

Students who have successfully completed one or more courses at another Canadian university, and who meet the receiving university's admission requirements, will be granted transfer credit provided the courses are applicable to the program and the grades meet the minimum acceptable standards of the receiving institution's program. Generally, the amount of transfer credit granted depends on how applicable the previous course work is to the particular program to which the student has applied. The amount of transfer credit is determined by Faculty regulations, and is subject to the same regulations as for those transferring from one Faculty to another within the university. Normally, a maximum of two years of transfer credit may be granted towards an undergraduate degree program. See: www.cmec.ca/postsec/transferability.stm

Alberta College of Art & Design Diploma and Degree Programs

U of A	Students transferring to the BFA (Art & Design) Program who have completed the 3rd year or more of the ACAD degree or diploma may be granted up to 2 years advance credit in appropriate "studio" courses. Students with less than 3 years are also eligible for advance credit as determined by the Department of Art and Design. Students transferring to the BA programs may be granted up to 5 "studio" courses in advance credit. ACAD recommendation and portfolio required.
U of C	Advance credit for course work determined by submission of portfolio to the Department of Art.
U of L	Individual course transfer is available. BFA degree holders will be considered for 2nd degree programs.

Athabasca University

As a service to its students who may seek to transfer to a degree program at another institution in Alberta, Athabasca is formalizing agreements with those institutions on a course-by-course basis. In addition to the courses listed below, the Universit offers other courses as part of its degree programs which ordinarily will be assessed on an individual basis by the receiving institution. For the benefit of students transferring from UofA, UofC or UofL, Athabasca will treat these agreements as reciprocal whenever a specific receiving institution course (rather than an option) is recorded below

Augustana University College

Augustana University College offers 3- and 4-year BA and BSc degree programs, as well as 4-year BMgt and BMus programs. As a service to students who may seek to transfer to a degree program at another institution in Alberta, Augustana is formalizin agreements with those institutions on a course-by-course basis. In addition to the courses listed below, the College offers other courses as part of its degree programs which ordinarily will be assessed on an individual basis by the receiving institution. A merger is currently under negotiation between Augustana and the University of Alberta. There are no changes to AUC transfer agreements at this time.

Canadian University College

Canadian University College, formerly Canadian Union College, offers 3- and 4-year BA and BSc degree programs and a 4-year BBA program. As a service to its students who may seek to transfer to a degree program at another institution in Alberta, transfer agreements have been negotiated for the courses which are published below. In addition, the College offers other courses as part of its degree program which ordinarily will be assessed on an individual basis by the receiving institution.

Concordia University College of Alberta

Concordia University College of Alberta offers 3- and 4-year BA and BSc degree programs, a 4-year BMgmt degree program, a 2-year BEd (After Degree) program in Elementary Education, and a BEH (After Degree) program. As a service to its students who may seek to transfer to a degree program at another institution in Alberta, transfer agreements have been negotiated for th courses which are published below. In addition, Concordia offers other courses as part of its degree programs which ordinarily will be assessed on an individual basis by the receiving institution

[1] In order to receive the total allowable credit stated, students must present all diploma program requirements.

[2] Open to graduates who have achieved a diploma GPA of 2.50 or higher (on a 4.0 point scale).

[3] If a course in the diploma is in the Guide as being equivalent to an AU course, the student cannot register in the equivalent AU course. The student must replace the course with a senior-level (300 or 400) AU course in the same discipline (eg. admin studies, humanities). See current AU calendar for BAdmin (Post Diploma) degree regulations.

[4] Students in Turfgrass Management are strongly advised to include BI 130, CH 130, and MA 130 as electives in their program. Open to graduates who have achieved a diploma GPA of 2.50 or higher (on a 4.0 point) scale.

[5] Not for credit in BMgt programs at UofL.

[6] Student will receive credit for only one of Fairview's BA 310 or 404 at TKUC.

[7] Not for credit towards Bachelor of Commerce degree.

[1] Students are required to present an additional 30 credits prior to admittance into the BPA program. Contact AU Student Advisor for recommended courses.

[2] If a course in the diploma is in the Guide as being equivalent to an AU course, the student cannot register in the equivalent AU course. The student must replace the course with a senior-level (300 or 400) AU course in the same discipline (eg. admin studies, humanities). See current AU calendar for BAdmin (Post Diploma) degree regulations.

[3] If the student has completed a course in the diploma which is identified as an equivalent AU course, he/she cannot register in the equivalent AU course. The student must replace the course with a senior level (300 or 400) AU course in the same discipline (eg. administrative studies, humanities). See current AU calendar for BMgmt (PD) degree regulations.

[4] Open to graduates who have achieved a diploma GPA of 2.5 or higher (on a 4.0 point scale).

[5] Units are: EDEL 355, EDU 250, non-Educ 2xx (3), non-Educ 1xx (6), Soc Sci 1xx (3) [Element III], Fine Arts 1xx (3) [Element V], PEDS 2xx (3) [Element VI].

[6] Students presenting six units of course weight of visual fundamentals courses are considered to have met the ART 134/DES 135 prerequisites necessary for advancement to 300-level ART or DES courses at UofA.

[7] Does not count as a required course in Art Concentration.

[8] Student must also have credit in KC's ART 231.

[9] Does not fulfill a requirement in the three-year BA, Studio Art degree at AUC.

[10] Student will not also receive credit for ART 322 at UofA.

[11] Student will not also receive credit for ART 323 at UofA.

[12] Must have credit in KC's ART 231, a Portfolio, and Department of Art and Design recommendation.

[13] Does not meet natural science (with lab) breadth requirement at TKUC.

[14] Not acceptable as pre-requisite for Senior-level courses.

[15] Student will not also receive credit for KC's ASTRO 120.

[16] BIOL 107/108 accepted in lieu of BIOL 231/233 at UofC.

[1] Graduates with diploma GPA's equivalent to 3.00 or higher on UofL's 4-point scale will be admitted to the Post-Diploma BMgmt. and graduates with GPA's above the admission GPA cut-off but less than 3.00 will be admitted to the Qualifying Program.

[2] Graduates of this program will receive 60 credits towards BSc-Human Science (Post Diploma) or BSc (Post Diploma).

[3] In order to receive the total allowable credit stated, students must present all diploma program requirements.

[4] Open to graduates who have achieved a diploma GPA of 2.50 or higher (on a 4.0 point scale).

[5] Graduates of this program will be awarded a block of 21 credits towar a BA (General) or BSc (General) degree, or a block of 27 credits toward a BA (Special) or BSc (Special) degree.

[6] Students who have successfully completed a two-year science diploma at NAIT will be admitted by UofA's Faculty of Science and granted up to 1 year's credit toward a related BSc degree program.

[7] If the student has completed a course in the diploma which is identified as an equivalent AU course, he/she cannot register in the equivalent AU course. The student must replace the course with a senior level (300 or 400) AU course in the same discipline (eg. administrative studies, humanities). See current AU calendar for BAdmin (PD) and BMgmt (PD) degree regulations.

[8] Faculty of Business: Approximately one full year may be credited toward a BCom.

[9] The Faculty of Engineering will grant direct entry to the engineering discipline consistent with the engineering technology provided applicants present the required Alberta high school subjects (English 30, Chemistry 30, Physics 30, Mathematics 30 or Pure Math 30, and Mathematics 31) or equivalent and have a minimum cumulative diploma average of 73%. Applicants who have previously been students in the Faculty of Engineering may require an honors diploma. Transfer credit is on a course by course basis and requires a minimum course grade of 75%. The listing of courses eligible for transfer credit is not complete.

[10] The Faculty of Engineering will grant the appropriate advance standing to graduates of programs of technology provided that:
i. the applicant is admissible to the Faculty of Engineering;
ii. the applicant has an Honours Diploma.

[11] Subject exemption based on individual assessment is available for graduates of Geomatics Technology who do not have Honours standing.

[12] Registered Respiratory Therapists are to provide proof of current and valid provincial registration with a Society of Respiratory Therapists.

[13] Student will not also receive credit for BUSI 320 at TKUC.

[14] Credit only in Textiles, Clothing and Culture program at UofA.

[15] Student will not also receive credit for MAT 110 or STA 213 at AUC.

[16] Student will not also receive credit for PHY 108 or 250 at AUC.

[17] Minimum mark of 70% required.

[18] Acceptable as Science credit.

[19] Student will not also receive credit for GEOG 3710 at UofL.

[20] Students will not also receive credit for STAT 1770 at UofL.

[21] Minimum mark of 65% required.

[22] Not available for credit towards the Bachelor of Commerce degree.

[23] Student will receive credit for only 1 of BUS 191 and 292.

[24] Credit allowed for only one of BUS 306 or 307.

[1] If the student has completed a course in the diploma which is identified as an equivalent AU course, he/she cannot register in the equivalent AU course. The student must replace the course with a senior level (300's or 400's) AU course in the same discipline (eg. administrative studies, humanities). See current AU calendar for BAdmin (Post Diploma) degree regulations.

[2] Open to graduates who have achieved a diploma GPA of 2.5 or highe (on a 4.0 point scale).

[3] The Faculty of Engineering will grant direct entry to the engineering discipline consistent with the engineering technology provided applicants present the required Alberta high school subjects (English 30, Chemistry 30, Physics 30, Mathematics 30 or Pure Math 30, and Mathematics 31) or equivalent and have a minimum cumulative diploma average of 73%. Applicants who have previously been students in the Faculty of Engineering may require an honors diploma Transfer credit is on a course by course basis and requires a minimum course grade of 75%. The listing of courses eligible for transfer credit is not complete.

[4] Not accepted for credit toward BComm program at UofC.

[5] Students presenting both SAIT's ACCT 391 and 463 may not receive credit for ACCT 454 from AU.

[6] Student will not also receive credit for CMPT 210 or 230 at TKUC.

[7] Student will not also receive credit for BUSI 320 at TKUC.

[8] A minimum grade of 75%, or a "B", is required for transfer credit to be awarded.

[9] Student will not also receive credit for CMPT 210 at TKUC

[10] Student will not also receive credit for CMPT 235 at TKUC

[11] Not applicable to Administration/Commerce programs.

[12] Credit will be granted for only 1 of SAIT's STAT 220 or 230.

[13] Student will not also receive credit for PSY 211, SOC 210, or MAT 151, 247 at CUCA.

[14] Student will not also receive credit for CSC 120 at AUC.

[15] Challenge credit opportunity available to SAIT graduates.

Advanced Placement Courses

The Advanced Placement program was developed and is sponsored by the College Entrance Examination Board, New York, New York. The Advanced Placement (AP) program provides course materials and examinations on introductory courses. Some high schools in Alberta offer some courses in the Advanced Placement program. Students who have successfully completed examinations in the program may apply for advance credit through individual assessment upon admission to a post-secondary institution. More information is available from the Office of the Registrar at each institution. Upon admission to UofA and UofC, all AP students will automatically receive advance standing (credit or placement) in approved courses where they have achieve AP grades of "4" or "5". At UofA, credit or placement granted is determined by the policy in effect for the session to which the student applies, NOT the date when the AP course was taken. At UofL and ACAD, students have the option of receiving transfe credit for approved courses where they have achieved grades of "4" or "5", or of taking the UofL or ACAD course. Where specified credit is not indicated, students with AP credits will be evaluated individually. At all receiving institutions, at least one official AP transcript is required. Advance credit arrangements are in effect at the universities and private colleges with accredited degree programs listed in the following table.

[1] Subject to a portfolio review.

[2] Students given "Advanced Placement" will be permitted to register in a senior course. Students entering the Faculty of Arts who are given Advanced Placement will be admitted to a senior course after determination of their background qualifications for that course (interview, placement test, etc.). They may also challenge a junior or senior course for credit via the Credit by Special Assessment route, if they have appropriate qualifications and are eligible within the regulations.

[3] Credit only in Faculty of Engineering programs.

[4] Grade of "3" or better.

[5] Student will receive credit for CHEM 201/203 (6) or CHEM 209 (3) [Engineering].

[6] Students who successfully complete a challenge exam may receive credit for CPSC 231 in lieu of CPSC 215.

[7] Students who successfully complete a challenge exam may receive credit for CPSC 233 in lieu of the half Jr. CPSC.

[8] ENGL 199 (3) for Engineering students only.

[9] Students may receive credit for only one of ENGL 1xxx and 1900 at UofL.

---

[10] Student must take one of ENGL 204 or 205 at TKUC.

International Baccalaureate Courses

The International Baccalaureate Program was developed and sponsored by the International Baccalaureate Office, a Swiss Foundation with headquarters in Geneva. This office is represented in Canada and the United States by the International Baccalaureate North America Office, a non-profit corporation headquartered in New York City. Some high schools in Alberta offer part or all of the International Baccalaureate Program. Students who have completed part or all of the Program may apply for advance credit through individual assessment upon admission to a post-secondary institution. More detailed information is available from the Office of the Registrar at each institution. Advance standing (Credit or Placement) in the following approved courses is automatically awarded for IB grade of "6" or "7" only at UofA, and "5" or higher (maybe higher for some Faculties) at UofC, TKUC and CUC. At ACAD, students have the option of receiving transfer credit for approved courses where they have achieved grades of "5" or higher, or of taking the ACAD course. Official transcripts from the IBNA office are required. At UofA, credit or placement is determined by the policy in effect for the session to which the student applies, NOT the date when the IB course was taken. At AU and AUC, the minimum acceptable IB grade is "4" to receive advance credit. Advance credit arrangements are in effect at the degree-granting institutions listed in the following table.

[1] Student will receive credit for CHEM 201/203 (6) or CHEM 209 (3) [Engineering].

International Baccalaureate Courses

[2] Students given "Advanced Placement" will be permitted to register in a senior course. Students entering the Faculty of Arts who are given Advanced Placement will be admitted to a senior course after determination of their background qualifications for that course (interview, placement test, etc.). They may also "challenge" a junior or senior course for credit via the "Credit by Special Assessment" route, if they have appropriate qualifications and are eligible within the regulations.

[3] Credit allowed for only one of Computer Science - standard or higher level at UofA.

[4] Student will receive credit for either CPSC 231/Jr. CPSC (6) or ENGG 233 (3).

[5] Student will not also receive credit for FREN 111/112 at UofA.

[6] Not acceptable towards program requirement of majors or minors in French, Italian or Spanish.

[7] Student will not also receive credit for GERM 111/112 at UofA.

[8] Must obtain a combined score of "0" or better on the Extended Essay and Theory of Knowledge.

[9] Credit only in Faculty of Engineering programs.

[10] Credit for MATH 1560 will be awarded if grade of "5" is presented. Credit for MATH 1560/2560 with grade of "6" or "7".

[11] Audition/placement tests required. Students may be given advanced placement and permitted to take selected Music courses by "Special Assessment".

[12] Two unspecified Music credits may be applied to specific Music requirements after interview and assessment by the Division of Music.

[13] A grade of "4" or higher is required.

IV. TRANSFER ARRANGEMENTS WITH OTHER ORGANIZATIONS

The following organizations have transfer arrangements with Alberta post-secondary institutions. The information on the courses covered by these arrangements is presented for publication by the respective receiving institution.

Nechi Training, Research and Health Promotions Institute

Students who have completed the Community Addictions Training Certificate and the Advanced Counsellor Training Certificate after 1987 with Nechi Institute will receive fifteen (15) credits towards the Aboriginal Addictions Services Certificate Program at Keyano College. Students must provide copies of their certificates along with an official transcript from Nechi.

Students who have completed the Community Addictions Training (CAT) series with Nechi Institute will receive advanced credit towards the Community Health Representative professional development certificate at Portage College.

Graduates of Keyano's certificate and diploma programs can receive transfer credit at Brandon University towards their First Nations and Aboriginal Counselling degree program.

Students who successfully complete Saskatchewan Indian Institute of Technologies (SIIT)'s Community Services - Addictions program will be admitted directly into Keyano College's second year Aboriginal Addictions Services diploma program as a full block credit.

Transport Canada

Students who have successfully completed the Private Pilot and Commercial Ground School at any Transport Canada approved Flight School, and have passed the corresponding Transport Canada examinations, will receive EAS 1xx (3) at the University of Alberta and GEOG 2xx (3) at The King's University College. Students must present a letter issued from Transport Canada indicating total score and divisional mark. An authorized person at each flight training facility must identify the student's name and hours attended while enrolled in the Ground School as per student's Pilot Training Record.

V. COUNCIL PRINCIPLES, POLICES AND PROCEDURES

A. CONTEXT

1. Mission and Composition

The mission of the Alberta Council on Admissions and Transfer is to be a catalyst for change and an advocate for learners in the areas of post-secondary admission and transfer. To carry out its mission Council provides leadership and direction in the improvement of educational opportunities for Alberta students through inter-institutional transfer. This requires a commitment to improving communication among Alberta post-secondary institutions, and thus to promote the advantages of a system of education, with all that this means for educational planning for the benefit of learners.

In the fulfillment of its mission, Council is engaged in the following activities:

(a) **leadership** - including the development and formulation of policies and procedures whereby transfer credit for courses and programs may be negotiated.

(b) **communication** - Council is committed to improving communication on matters regarding admissions and transfer.

(c) **publication** - primarily the production and distribution of a yearly Transfer Guide listing all transfer credit arrangements for courses and programs within the Alberta post-secondary system, together with statements of relevant policies and procedures. The Council Office also produces periodic New Transfer Agreements reports, a Handbook for Contact Persons, the yearly Transfer Patterns tables, and an Annual Report.

(d) **mediation** - as requested by institutions within the system, to resolve complaints or disputes concerning transfer arrangements and credits, and thus to ensure that the best interests of students are served.

(e) **applied research** - on matters related to the transfer of students throughout the system.

The 15 member Council which is appointed by the Minister of Learning is an independent body which reports annually to the Minister. Council membership includes the Chair, 2 members of the public, 2 student members, 4 members nominated by the Universities Co-ordinating Council, 4 members nominated by the Council of College and Technical Institute Presidents, 1 member nominated by the Private Colleges Co-ordinating Council, and 1 secondary system member from Alberta Learning. Professional support, including service of an Executive Officer, is supplied by Alberta Learning.

The Alberta Council on Admissions and Transfer usually meets 4 times a year, generally at institutions.

2. Overview of the Post-secondary System

The Council's activities are directed primarily towards the Alberta post-secondary system, which includes 4 universities, The Banff Centre, 15 public colleges, 2 institutes of technology, 6 private university colleges, and other private colleges. There are, in addition, a number of private non-affiliated institutions, some of which may offer courses which have transfer potential. Although the Council's mandate is directed towards the Alberta post-secondary system, Council is sensitive to student transferability involving institutions outside of the province. To that end, institutions outside Alberta are encouraged to use the Online Alberta Transfer Guide when assessing transcripts from Alberta transfer students.

3. Types of Transfer

Within the system of post-secondary institutions, transfer of credit for courses or programs may occur among institutions within a sector (for example, between public colleges) or among institutions of different types (for example, from a college to a university). Transfer arrangements in the Council's transfer agreements database include courses and programs transferable to universities and private university colleges and those transferable to colleges and technical institutes.

4. Definition of Terms

In dealing with matters relating to transfer, there are several commonly used terms which may require clarification. Some of the more important are:

Accessibility: the degree of openness of institutions to students seeking admission to their program. (See Principle "d".)

Advance credit: the award of credit in given courses or programs on the basis of formal and informal learning experiences including: 1) work experience, 2) maturity/ life experience, 3) unstructured educational experiences such as self-study, 4) structured educational activity. (See Transfer credit.)

Affiliation: a formal agreement of association or co-operation between two institutions whereby some courses and programs offered by the sending institution are substantially the same as those offered by the receiving institution. Transfer credit is thereby awarded.

Receiving institution: an institution to which students transfer course or program credits acquired at another institution. (See Sending institution.)

Reciprocal bilateral transfer agreement: a transfer agreement that has been negotiated between two institutions whereby Institution A agrees to accept the course (or cluster of courses) taken at Institution B in lieu of its own course (or cluster of courses) and reciprocally, Institution B agrees to accept the course (or cluster of courses) taken at Institution A in lieu of its own course (or cluster of courses). Therefore, reciprocal bilateral agreements are always two-way agreements. (See Unidirectional bilateral transfer agreements.)

Selection criteria: categories of qualification, capabilities, or experience (academic or other) which provide the basis for screening and admission (or rejection) of students to programs.

Sending institution: an institution from which students may transfer course or program credits to programs at another institution. (See Receiving institution.)

Transfer: the mobility of students among post-secondary institutions on the basis of their having transfer credit. (See Transfer credit.)

Transfer courses: courses delivered by a sending institution as courses which correspond in description to courses of a particular institution.

Transfer credit: an advance credit awarded on the basis of successful completion of structured educational activities at a post-secondary institution. (See Advance credit.)

Transferable courses: courses developed by an institution to meet its own program objectives but which have transfer potential. Transfer may be negotiated either on the basis of equivalence or of relevance to programs or courses at another institution.

Unidirectional bilateral transfer agreement: a transfer agreement negotiated between a sending institution and a receiving institution which is primarily intended to be one-way. In practice, advance credit for courses involved in an agreement usually will be awarded at either institution, particularly when the agreement involves courses that are part of a university transfer program. However, in some cases credit will not be awarded in the opposite direction; for example, Institution A may agree to accept Institution B's cluster of transferable courses in lieu of one of its own courses and have the agreement entered in the Transfer Guide. However, it might not be appropriate for Institution B conversely to award transfer credits for the cluster of courses if a student with the one course from Institution A presented it for advanced credit assessment. (See Reciprocal bilateral transfer agreement.)

Virtual equivalence: See Principle "b".

B. PRINCIPLES

Council endorses the following as basic to its purpose and activities:

(a) **Student access to higher education and the opportunity for student mobility among institutions of higher education in Alberta shall be optimized.**

Barriers to student mobility shall be minimized. The integrity of educational programs and certification must, however, be maintained. A student should not be required to repeat previous learning experiences in which competence has been demonstrated nor should more transfer credit be granted than previous learning experiences would warrant for successful completion of the program.

(b) **Negotiation of opportunities for student mobility shall be based on the recognition that while learning experiences may differ in a variety of ways, their substance may be virtually equivalent in terms of content and rigour.**

Insofar as possible, transfer arrangements should allow for maximum recognition of previous learning experiences. The concept of virtual equivalence is vital to such arrangements.

(c) **Effective academic advising and career counselling and optimum mobility require that the student have prior knowledge of at least the minimum transfer credit which can be awarded.**

The Alberta Transfer Guide indicates the minimum transfer credit which is available for prior post-secondary educational experience upon admission to a post-secondary institution. Additional transfer credit may be negotiable on an individual basis.

(d) **Individual institutions have the primary responsibility for instructional programs, even though responsibility for higher education is shared among various constituents. The responsibility of institutions includes program design and delivery, determination of academic prerequisites and student admission criteria, and certification of the academic achievement of students.**

In respect of student access to institutions and programs, it is to be emphasized that factors in addition to academic prerequisites often are employed as admission criteria. That is, while possession of academic prerequisites makes an applicant eligible for admission, it does not **guarantee** admission to an institution or to a particular program.

(e) **Institutions have the responsibility and the prerogative to investigate the total educational preparation of applicants seeking admission.**

Such investigation is intended to determine admissibility and appropriate transfer credit, and to counsel applicants. The relevance and quality of the applicant's most recent educational experiences should be the basis for admissibility and for transfer decisions unless such consideration would unfairly disadvantage the applicant. Differences in earlier preparation should not adversely affect consideration of the applicant. (See Principle "b" re virtual equivalence.)

(f) **Post-secondary institutions are committed to developing and maintaining clearly stated policies and procedures for consideration of transfer credit and to applying them in a consistent manner.**

Students should be able to obtain an institution's rationale for a transfer decision, and institutions should have clear procedures for a student to obtain a review of a transfer decision. The clear and transparent nature of transfer credit is reflected in the *Alberta Transfer Guide*.

(g) **After students are granted admission to an institution under a transfer arrangement, they shall**

be granted the same rights and privileges as students who began their studies at the institution.

All institutional members of Alberta's transfer system have endorsed Council's principles and endeavour to apply them with respect to transfer within the province, regionally and nationally.

C. A POLICY FOR ADMISSION AND TRANSFER OF CREDIT AMONG ALBERTA POST-SECONDARY INSTITUTIONS

1. Admission

Admission to a course or program will be granted to any applicant who has fulfilled the admission requirements for such course or program as established by the receiving institution. Where selection procedures are involved in admission to a program, each applicant shall be treated on the same basis as any other person seeking admission to that program.

In the case of students transferring from public colleges and technical institutes to universities, in lieu of the general admission requirement listed above, admission will be granted to any applicant who, upon successful completion of at least a full year's study at the sending institution, is recommended in writing by that institution as having satisfied the appropriate matriculation requirements or their equivalent. This is referred to as the Letter of Recommendation admissions category.

2. Transfer of credits

Subject to the above requirements there shall be two major transfer arrangements:

(a) Transferable courses and programs:

These are developed by a sending institution to meet its own program and objectives, and bear its own numbers and descriptions. Transfer may be negotiated either on the basis of **equivalence**, or of relevance. The principle of equivalence refers to courses and programs of the sending institution which are identical or similar to those of the receiving institution. The principle of **relevance** refers to courses of the sending institution which are in the same areas or disciplines and at the levels of programs offered by the receiving institution, and are therefore appropriate for credit at the receiving institution.

Credits awarded in this category may involve special inter-institutional arrangements or individual assessment.

(b) Transfer courses and programs:

These are delivered by a sending institution as courses and programs which correspond in description to those of the receiving institution.

Among universities, transfer has normally been assessed on an individual basis by the receiving institution.

D. PROCEDURES FOR TRANSFER OF CREDIT AMONG ALBERTA POST-SECONDARY INSTITUTIONS

To facilitate the negotiation of transfer arrangements among post-secondary institutions, the Council has established the following set of procedures.

Objective

These procedures are designed to provide a mechanism for the negotiation of transfer and transferable courses and programs, and for their inclusion in the *Alberta Transfer Guide*.

Categories

Courses and programs proposed for transfer credit are of two main types, each of which involves a different relationship between the sending and receiving institution.

1. **Transferable Courses/Courses with Transfer Potential**

   In negotiations of transfer credit for transferable courses, the sending institution shall supply the receiving institution with the following information: (a) course description, title, grading practices, weighting and outline, (b) textbooks and other resource materials, (c) qualifications required for an instructor. Additional information may be required at stated intervals for review purposes, or at the discretion of the receiving institutions.

2. **Transfer Courses/Courses in Transfer Programs**

   In negotiations of transfer credit for transfer courses, the sending institution shall supply the receiving institution with the following information: (a) course description, (b) textbooks and other resource materials, (c) qualifications required for an instructor.

Transfer credit is based on initial negotiations, when the course is first offered by the sending institution. Subsequent negotiations and concurrence of the receiving institution are required where, in the view of the receiving institution, course revisions by the sending institution are sufficiently substantial to affect the transfer credit which has been negotiated.

Procedures

1. Each institution shall identify a Contact Person (e.g., Registrar or Admissions Officer) who will be responsible for both internal and external distribution of formal transfer proposals and responses.
2. Each institution shall, through its Contact Person, maintain and provide on request from other institutions (a) a list of other important institutional contacts for the purpose of facilitating appropriate preliminary discussions, and (b) a description of the internal procedures followed in the institution for the development and/or evaluation of proposals for transfer arrangements.
3. It is expected that proposals for credit will be processed as expeditiously as possible and

formalized by means of the Council's Transfer Credit Proposal Form on Council's password-protected Contact Persons' Web site. If the transfer proposal is acceptable, other institutions in the system will be notified accordingly. The transfer normally will be honoured within the sub-system of which the receiving institution is a constituent.

4. If the transfer proposal is not acceptable, the receiving institution shall notify the sending institution of the reason for this decision.
5. In the event that agreement has not been reached pursuant to (3) and (4), an institution may submit to the Council a written request for mediation. Where, in its opinion, the Council determines that a dispute concerning transfer exists, the Council may mediate to resolve the dispute.
6. In the event that the agreement cannot be reached pursuant to (5), the institutions in dispute may agree to submit the dispute to Council for arbitration. The Council will then establish procedures for the resolution of the dispute, and issue its decision resolving the dispute. The arbitration decision of the Council shall be final and without appeal or review.
7. Transfer arrangements are to be regarded as relatively enduring bilateral agreements - to be altered, amended or deleted only after **mutual consultation**. Regular discussion of existing transfer arrangements should take place between sending and receiving institutions. Any institution planning program or course changes which could bear on existing transfer arrangements as recorded in the Alberta Transfer Guide shall, insofar as possible, inform those institutions which would be primarily affected - subject, where necessary, to renegotiation. In cases where renegotiation of a transfer agreement is requested by either a sending or receiving institution, the onus is on the institution requesting the change to provide the other institution with **sufficient notice** and lead-time to permit renegotiation before the next edition of the *Transfer Guide*.
8. Renegotiation of transfer arrangements is subject to the same guidelines as for the initial negotiations (i.e., 3-6).
9. When a new agreement has been negotiated, it replaces the old agreement in the transfer agreements database for publication in the next edition of the *Transfer Guide*.

E. INSTITUTIONAL REQUIREMENTS

Within the context of policies and procedures of the Alberta Council on Admissions and Transfer, each institution has particular requirements and practices for admission of students and the award of transfer credit. These institutional requirements are summarized in Section II of the annual Alberta Transfer Guide. Students who are planning to transfer are advised to refer to the appropriate institutional calendar and to consult with the Registrar's Office at the receiving institution.

F. PRIVATE PROVIDERS POLICY

A policy for facilitating course transfer agreements between Alberta non degree - granting private providers and post-secondary receiving institutions

Framework

The primary goal of the Alberta Council on Admissions and Transfer (ACAT) is to provide leadership and direction in the improvement and enlargement of educational opportunities for Alberta's students through inter-institutional transfer.

To this end, Council has a continuing responsibility for facilitating improvement in communications and working relationships among institutions regarding the admission of transfer students and the award of transfer credit. Recognizing that adult learners are served by a variety of providers, not all of which receive operating grants from Alberta Learning, Council has developed the following policy and procedure to facilitate the commencement of negotiation between private providers of adult learning and post-secondary receiving institutions currently served by Council. The policy is intended to serve adult learners by improving transferability, where academically appropriate, between courses and programs of private providers of adult learning and post-secondary receiving institutions currently served by Council.

Students, post-secondary institutions, and the public will benefit from improved communication. By extending the coverage of Council's principles, policies and procedures, the needs of adult learners will be better served. The policy will help students by facilitating the transferability of courses among providers in Alberta's adult learning system.

Policy

Through its procedures, Council will facilitate communication among Alberta providers of adult learning, including those that do not receive operating grants from Alberta Learning, so that student access and the opportunity for student transfer among providers of adult learning in Alberta is optimized.

Procedure

The objective of the procedure is to facilitate student transfer from programs of private providers operating in Alberta. This procedure is non-mandatory and non-regulatory. The procedure enables the ACAT Secretariat to provide information in a standard format in order to assist receiving institutions currently served by Council to decide whether or not to enter into transfer negotiations with a private provider.

1. A private provider may contact the ACAT Secretariat if it wishes to negotiate transfer agreements with a post-secondary receiving institution presently entered in the Alberta Transfer Guide and have these agreements recorded in Council's registry of admission and transfer agreements.

2. The ACAT Secretariat then will provide the chief executive officer of the private provider with a copy of Council's Principles, Policies, and Procedures and request the private provider to formally commit itself to abide by them in its practices as both a receiver and sender of students. At the same time, a questionnaire will be sent to the private provider.
3. When the private provider has formally committed itself to abide by Council's Principles, Policies, and Procedures, and has provided a response to the questionnaire, the Secretariat will prepare a "Fact Sheet" on the private provider. A draft copy will be sent to the private provider for verification.
4. The ACAT Secretariat may seek further information as it sees fit and may request a meeting with officers of the private provider.
5. When the "Fact Sheet" is finalized, the ACAT Secretariat will make it available to potential receiving institutions at the request of the receiving institution. The "Fact Sheet" is intended to assist the potential receiving institution in determining whether it is appropriate to proceed with negotiations for course or program transfer.
6. When a receiving institution informs the ACAT Secretariat that it is prepared to consider course or program transfer credit proposals, the Council Office may ask the private provider to name an official to whom and from whom communication on admission and transfer matters will be directed.
7. The ACAT Secretariat will then send the appropriate Council transfer credit proposal forms to the official at the private provider for use in formalizing transfer agreements.
8. If a receiving institution approves a transfer credit proposal from the private provider, it will follow Council's procedure and return the signed transfer credit proposal form to the official at the private provider with the original to the ACAT Secretariat.
9. Under section 3 of its Terms of Reference, Council will include information on the transfer agreement in its registry of admissions and transfer arrangements.

G. PRINCIPLES AND STANDARDS FOR THE RECOGNITION OF PRIOR LEARNING

Context

Adult learners may desire recognition of their prior learning for a variety of goals including employment, further education, occupational/professional certification, and personal satisfaction. To assist adult learners to further their education and in keeping with its Terms of Reference, Council encourages post-secondary institutions to develop prior learning assessments that are granted system-wide recognition. The award of transfer credit in given courses or programs may be based on formal or informal learning experiences including: (1) work experience, (2) maturity/life experience, (3) unstructured educational experiences such as self-study, and (4) structured educational activity. In Alberta, transfer agreements covering formal courses and programs are recorded in Council's transfer agreements database for dissemination via the Online Alberta Transfer Guide or the printed annual *Alberta Transfer Guide*. By extending recognition of prior learning to include all four varieties of learning, service to adult learners will be improved. Recognized prior learning should be transferable among programs within and beyond the post-secondary institution when it is appropriate to do so.

Framework

As learning may occur in a variety of settings, it is essential that adult learners receive appropriate recognition for prior demonstrated learning toward desired certificate, diploma or degree programs. Basic to the purpose and activity of the recognition of prior learning is Council's **principle (a)**:

> Student access to higher education and the opportunity for student mobility among institutions of higher education in Alberta shall be optimized.
>
> Barriers to student mobility shall be minimized. The integrity of educational programs and certification must, however, be maintained. **A student should not be required to repeat previous learning experiences in which competence has been demonstrated nor should more transfer credit be granted than previous learning experiences would warrant for successful completion of the program.**

Council encourages institutions to develop procedures for the assessment of demonstrated prior learning. In keeping with its terms of reference, Council also encourages the development of procedures by which the recognized prior learning then receives system-wide recognition consistent with the educational mandates of post-secondary institutions. Recognized prior learning should be portable.

Academic principles

1. Recognition of prior learning should be based on demonstrated learning.
2. Recognition should be appropriate to the course or program in which it is accepted.
3. Recognition of prior learning should be consistent with the achievement levels required by the post-secondary program in which it is accepted.
4. Recognition of prior learning should be for learning that has a balance, appropriate to the subject, between theory and practical application.
5. Assessment of prior learning by post-secondary institutions should be made by content specialists, with external advice as necessary.

Administrative Standards

1. Official notation of the recognition of prior learning on post-secondary institution transcripts and student records should be consistent with the institution's policies and procedures relating to maintenance of student records.

2. Institutional policies and procedures applied to assessment should be fully disclosed; e.g. in the calendar.
3. All personnel involved in the assessment of prior learning should receive training for the functions they perform, and there should be provision for their continued professional development in areas related to recognition of prior learning.
4. Institutional recognition of prior learning policies and practices should be regularly monitored, reviewed, evaluated, and revised as needed. In keeping with its terms of reference, Council shall monitor the effectiveness of recognition of prior learning policies and practices within the Alberta post-secondary system.

VI. COUNCIL TERMS OF REFERENCE AND MEMBERSHIP

The following Terms of Reference were adopted by Council motion on February 14, 1975:

1. The Council shall review current regulations, proposals and practices for admissions and transfer which have been generated by Alberta Learning and by institutions and subsystems for the purpose of identifying those guidelines and procedures applicable to all institutions within the system of advanced education.
2. The Council shall develop procedures by which admissions and transfer policies, guidelines and procedures are granted system-wide approval.
3. The Council shall compile, maintain and disseminate a registry of all existing admissions and transfer arrangements within the Alberta system of advanced education.
4. The Council shall monitor the effectiveness of admissions and transfer policies and practices throughout the advanced education system; to this end it may carry out, or request institutions to carry out appropriate studies.
5. The Council shall recommend to Alberta Learning and to institutions revisions of policies, guidelines and procedures as it deems necessary.
6. Acting within the provisions of existing legislation, the Council shall, upon the written request of an institution, serve as mediator in resolving inter-institutional admission and transfer problems. (The Council will not deal with requests by individuals).
7. In the event that agreement cannot be reached through mediation, the Council shall, upon written request by the institutions concerned, serve as arbitrator.
8. In fulfilling its arbitration role, the Council shall establish arbitration procedures, inform the institutions of these procedures, and inform the institutions of its decisions, which shall be final and binding.
9. The Council shall advise the Minister of any legislative changes which it deems necessary.
10. The Council, at the request of the Minister or institutions, shall comment on unresolved transfer problems related to proposed programs.
11. The Council shall report annually to the Minister of Learning on its activities.
12. The Council will operate with the support of: a) Council members, to be reimbursed by Alberta Learning for out-of-pocket expenses incurred; b) the Chair, to be paid an appropriate honorarium; and c) an executive officer and such other necessary resources and services to be made available by Alberta Learning as required by the Council in the fulfillment of its responsibilities.
